

Suspended Palm Oil Direct Suppliers or Oil Palm Growers by Unilever

Updated June 2021

The list below provides information of previous direct palm oil suppliers or indirect oil palm growers that have been suspended from Unilever's supply chain due to grievances brought to our attention alleging non-compliance against the [Unilever People and Nature Policy \("UNPN"\)](#) and/or Unilever's [Responsible Sourcing Policy](#) or due to the fact that it could not be confirmed that these companies were in compliance with the UNPN at the group level. The list of palm oil mills associated with these companies but were declared by our suppliers in 2020 can be found in the Suspended Palm Oil Mills list of this document.

The main purpose of this list is to ensure that Unilever's direct palm oil suppliers understand Unilever's palm oil suspension list and that palm oil, palm kernel oil, and their derivatives do not enter Unilever's supply chain from these companies.

We are working with our suppliers to ensure that these companies and mills (at a group level) are not be part of our supply chain unless compliance towards the UNPN and Responsible Sourcing Policy can be verified or appropriate remediation plans for non-compliance have been agreed and are implemented. A list of grievances that have been raised to Unilever with regard to our palm oil supply chain can be found in [Unilever's Palm Oil Grievance Tracker](#).

Please note that we are not making any accusations of legal wrongdoing but are sharing that we have sight of data that indicates that certain supply sources are not in accordance with the UNPN. It is our intention to share accurate and credible data. Should there be any reliable data that is in conflict with ours, then we ask that you share it with us, so we can assess and make the appropriate corrections.
