This Information Memorandum has been approved by the AFM, as competent authority under the Prospectus Regulation. The AFM only approves this Information Memorandum as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Initial Programme Amount
The aggregate principal amount outstanding under the
Programme at any time shall not exceed U.S.$25,000,000,000
(or its approximate equivalent in other currencies at the issue
date of the relevant Series) subject to any duly authorised
increase or decrease.

Form of Notes
Notes will be in bearer form and may be in new global note form
(a “NGN” or “New Global Note”), if so specified in the
applicable Final Terms. A global Note not in NGN form is in
“CGN” or “Classic Global Note” form. The relevant Issuer will
deliver a temporary global Note which, in the case of a
temporary global Note which is a CGN, will be deposited on or
before the relevant issue date with a common depositary for
Euroclear Bank SA/NV (“Euroclear”) and/or Clearstream
Banking S.A. (“Clearstream, Luxembourg”) and/or any other
relevant clearing system and, in the case of a temporary global
Note which is a NGN, will be deposited on or before the
relevant issue date with a common safekeeper for Euroclear and
Clearstream, Luxembourg. Such temporary global Note will be
exchangeable for a permanent global Note or for serially
numbered Notes in definitive bearer form, in accordance with its
terms and conditions. A permanent global Note will only be
exchangeable for Notes in definitive bearer form if so specified
in the relevant Final Terms, and then only in certain
circumstances and in accordance with its terms and conditions
and the rules and procedures for the time being of Euroclear,
Clearstream, Luxembourg and/or any other relevant clearing
system. Notes in definitive bearer form will, if interest-bearing
have interest coupons attached.

Currency
Notes may be denominated in any currency, subject to
compliance with all applicable legal or regulatory requirements.

Redenomination
If stated in the relevant Final Terms, for Notes denominated in
the currency of a member state of the European Union that has
not adopted the euro, if that member state at a later stage adopts
the euro, Notes may be redenominated in euro and/or exchanged
for other Series of Notes denominated in euro. The relevant
provisions applicable to any such redenomination are contained.
in Conditions 8C and 8D of the “Terms and Conditions of the Notes”.

Issuance in Series
Notes will be issued in series (each a “Series”) comprising one or more tranches (each a “Tranche”) of Notes of that Series issued on the same date. The Notes of each Series will be subject to identical terms (other than in respect of the issue date, the issue price, the first payment of interest and the denomination (all as indicated in the relevant Final Terms)), whether as to currency, interest or maturity or otherwise.

Maturity of Notes
Notes may have any maturity subject to compliance with all applicable legal or regulatory requirements. Any Notes having a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the relevant Issuer in the United Kingdom will: (a) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses, or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (b) be otherwise issued without contravention of Section 19 of the Financial Services and Markets Act 2000, as amended (“FSMA”).

Terms and Conditions
The Notes of each Series are subject to the terms and conditions agreed between the relevant Issuer and the relevant Dealer or other purchaser at or prior to the time of issuance of such Series, and will be specified in the relevant Final Terms. The terms and conditions applicable to the Notes of each Series will therefore be those set out on the face of the Notes and in the “Terms and Conditions of the Notes” below.

Early Redemption
Early redemption will be permitted for taxation reasons (as set out in Condition 7(b) of the “Terms and Conditions of the Notes” below). If stated as being applicable in the relevant Final Terms, early redemption will also be permitted at the option of the Issuer (in accordance with Condition 7(c)) and/or at the option of the Holders of the Notes (in accordance with Condition 7(f)). The Issuer may also purchase Notes in accordance with Condition 7(g).

Redemption
Notes may be redeemable at par or at such other redemption amount as may be specified in the relevant Final Terms.

Interest Rates
Notes may be interest-bearing or non-interest-bearing. Interest (if any) may be at a fixed or floating rate.

Benchmark Discontinuation
In relation to Floating Rate Notes referencing a benchmark and where “Benchmark Discontinuation – Independent Adviser” is specified in the applicable Final Terms, if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate
of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine, in consultation with the Issuer, a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, if any, and any Benchmark Amendments as described in Condition 6H.

See Condition 6H for further details.

In relation to Floating Rate Notes referencing Compounded SOFR or Weighted Average SOFR and where “Benchmark Discontinuation — ARRC SOFR” is specified in the applicable Final Terms, if the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Issuer will determine a Benchmark Replacement in accordance with the benchmark transition provisions described in Condition 6I.

See Condition 6I for further details.

For the avoidance of doubt, this is additional to existing Floating Rate Note fallbacks as described in Condition 6B and 6C.

**Issue**

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

**Issue Price**

Notes may be issued at par or at a discount or premium to par.

**Denominations**

Notes may not be issued under the Programme which have a minimum denomination of less than €100,000 (or its equivalent in another currency). Subject thereto, Notes will be issued in denominations as may be agreed between the relevant Issuer and the relevant Dealer or other purchaser subject to compliance with all applicable legal or regulatory requirements.

**Status of Notes**

The Notes will constitute direct, unconditional and unsecured obligations of the relevant Issuer and rank and will rank *pari passu* without any preference among themselves with all other present and future unsecured and unsubordinated obligations of such Issuer (other than obligations preferred by law) except as provided in the “Terms and Conditions of the Notes” below.

**Guarantee**

Under the terms of a trust deed dated 22 July 1994, as amended, supplemented or restated (the “Trust Deed”), the Guarantors have undertaken to guarantee the obligations of the Issuers under the Notes as follows: (i) the obligations of UFN will be guaranteed jointly and severally by PLC and UNUS; and (ii) the obligations of PLC will be guaranteed by UNUS. The obligations of each Guarantor under the Trust Deed will constitute an unsecured obligation of such Guarantor and rank
and will rank (subject to any obligations preferred by law) pari passu with all other present and future unsecured and unsubordinated obligations of such Guarantor except as provided in the “Terms and Conditions of the Notes” below.

**Taxation**

Payments in respect of Notes will be made free and clear of any present or future taxes or duties imposed by or in The Netherlands, in the case of UFN, by or in the United Kingdom, in the case of PLC and by or in the United States, in the case of UNUS or, if such taxes are required to be withheld, will be increased to the extent necessary in order that the net amount received by the relevant holder of the Notes, after such withholding, equals the amount of the payment that would have been received in the absence of such withholding, subject to certain exceptions set out in the “Terms and Conditions of the Notes” below.

**Listing and trading**

Each Series may be admitted to listing and trading on Euronext Amsterdam and/or the Stock Exchange of Hong Kong and/or the Singapore Exchange (as specified in the relevant Final Terms).

**Governing Law**

**Events of Default**

The events of default under the Notes are as specified in the “Terms and Conditions of the Notes” below which include a cross default clause in relation to PLC and UFN, in the case of UFN Notes, and in relation to PLC only, in the case of PLC Notes.

**Selling Restrictions**

Sale of the Notes will be subject to restrictions on sale with respect to the United States of America, the European Economic Area, the United Kingdom, Japan, The Netherlands, the Republic of France, Switzerland, Singapore and Hong Kong, all as set out under “Subscription and Sale” below.

**Enforcement of Notes in Global Form**

In the case of Notes in global form held in a clearing system, investors will have certain direct rights of enforcement (which are set out in the Trust Deed) against the relevant Issuer in the event of a default in payment on the Notes.

**Clearing Systems**

Euroclear, Clearstream, Luxembourg and/or, in relation to any Notes, any other clearing system as may be specified in the relevant Final Terms.

**Risk Factors**

For a discussion of certain risk factors relating to the Issuers, the Guarantors and the Notes that prospective investors should carefully consider prior to making an investment in the Notes,
see “Risk Factors”.
RISK FACTORS

The Issuers and the Guarantors believe that the following factors may affect their ability to fulfil their respective obligations under the Notes issued under the Programme or under the guarantee of the Notes. Most of these factors are contingencies which may or may not occur. In addition, risk factors which are specific to the Notes are also described below.

The Issuers and Guarantors believe that the factors described below represent all the material or principal risks inherent in investing in the Notes issued under the Programme, but the inability of the Issuers and Guarantors to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuers and Guarantors do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Information Memorandum and reach their own views prior to making any investment decision.

The factors described below are presented in categories with the most material risk factor in each category, in the assessment of the Issuers and the Guarantors, taking into account the expected magnitude of their negative impact and the probability of their occurrence, presented first. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor.

Words and expressions defined in the “Terms and Conditions of the Notes” below or elsewhere in this Information Memorandum have the same meanings in this section. In this Information Memorandum, references to “Unilever” or “we” or “us” or “our” refer to the Unilever Group.

Prospective investors should consider, among other things, the following:

Risk factors relating to the Issuers and the Guarantors and their businesses

Unless otherwise specified by reference to UNUS, the following risk factors apply in the Group context and are also applicable on a national basis to UNUS. The occurrence of circumstances described in any of the risk factors listed below may impact the turnover or profitability of Unilever’s operations.

Brand preference

Unilever’s success depends on the value and relevance of our brands and products to consumers around the world and on our ability to innovate and remain competitive.

Consumer tastes, preferences and behaviours are changing more rapidly than ever before. Unilever sees a growing trend for consumers preferring brands which both meet their functional needs and have an explicit social purpose.

Technological change is disrupting our traditional brand communication models. Our ability to develop and deploy the right communication, both in terms of messaging content and medium is critical to the continued strength of our brands.

We are dependent on creating innovative products that continue to meet the needs of our consumers and getting these new products to market with speed.

The Covid-19 pandemic has driven significant changes in consumer habits and demand (e.g. an increase in hand sanitisation products and a reduction in out of home food products) which is requiring a continuing and rapid evolution of our brands to ensure we remain competitive.
Portfolio management

Unilever’s strategic investment choices will affect the long-term growth and profits of our business.

Unilever’s growth and profitability are determined by our portfolio of divisions, geographies and channels and how these evolve over time. If Unilever does not make optimal strategic investment decisions, then opportunities for growth and improved margin could be missed.

Climate change

Climate change and governmental actions to reduce such change may disrupt our operations and/or reduce consumer demand for our products.

Climate change is occurring around the world which may impact our business in various ways. It could lead to water shortages which would reduce demand for those of our products that require a significant amount of water during consumer use. It could also lead to an increase in raw material and packaging prices or reduced availability. Governments may take action to reduce climate change such as the introduction of a carbon tax or zero net deforestation requirements which could impact our business through higher costs or reduced flexibility of operations.

Increased frequency of extreme weather (storms and floods) could cause increased incidence of disruption to our manufacturing and distribution network. Climate change could result therefore in making products less affordable or less available for our consumers resulting in reduced growth and profitability.

Plastic packaging

Unilever uses a significant amount of plastic to package its products. A reduction in the amount of virgin plastic we use, the use of recycled plastic and an increase in the recyclability of our packaging are critical to our future success.

Both consumer and customer responses to the environmental impact of the plastic waste and emerging regulations by governments to tax or ban the use of certain plastics requires us to find solutions to reduce the amount of plastic we use; increase re-cycling post-consumer use; and to source recycled plastic for use in our packaging. We are also dependent on the work of our industry partners to create and improve recycling infrastructure throughout the world.

Not only is there a risk around finding appropriate replacement materials, due to high demand the cost of recycled plastic or other alternative packaging materials could significantly increase in the foreseeable future and this could impact our business performance. We could also be exposed to higher costs as a result of taxes or fines if we are unable to comply with plastic regulations which would again impact our profitability and reputation.

Customer

Successful customer relationships are vital to our business and continued growth.

Maintaining strong relationships with our existing customers and building relationships with new customers who have built new technology-enabled business models to serve changing shopper habits are necessary to ensure our brands are well presented to our consumers and available for purchase at all times.

The strength of our customer relationships also affects our ability to obtain pricing and competitive trade terms. Failure to maintain strong relationships with customers could negatively impact our terms of business with affected customers and reduce the availability of our products to consumers.

The Covid-19 pandemic has driven a rapid increase in online shopping which means we need to accelerate development of eCommerce capabilities to remain competitive.
Talent

*A skilled workforce and agile ways of working are essential for the continued success of our business.*

With the rapidly changing nature of work and skills, there is a risk that our workforce is not equipped with the skills required for the new environment.

Our ability to attract, develop and retain a diverse range of skilled people is critical if we are to compete and grow effectively.

This is especially true in our key emerging markets where there can be a high level of competition for a limited talent pool.

The loss of management or other key personnel or the inability to identify, attract and retain qualified personnel could make it difficult to manage the business and could adversely affect operations and financial results.

The wellbeing of our employees is vital to the success of our business. Covid-19 has had a significant impact on their wellbeing, therefore helping our employees manage the impact of Covid-19 on their lives and their ability to work effectively requires continued focus.

Supply chain

*Our business depends on purchasing materials, efficient manufacturing and the timely distribution of products to our customers.*

Our supply chain network is exposed to potentially adverse events such as physical disruptions, environmental and industrial accidents, trade restrictions or disruptions at a key supplier, which could impact our ability to deliver orders to our customers.

The Covid-19 pandemic is an adverse event that has challenged and continues to challenge the continuity of our supply chain. Maintaining manufacturing operations whilst adhering to changing local regulations and meeting enhanced health and safety standards has proven possible but has required significant management.

In addition, ensuring the operation of a global logistics network for both input materials and finished goods has presented challenges and requires continuous focus and flexibility.

The cost of our products can be significantly affected by the cost of the underlying commodities and materials from which they are made. Fluctuations in these costs cannot always be passed on to the consumer through pricing.

Safe and high-quality products

*The quality and safety of our products are of paramount importance for our brands and our reputation.*

The risk that raw materials are accidentally or maliciously contaminated throughout the supply chain or that other product defects occur due to human error, equipment failure or other factors cannot be excluded.

Labelling errors can have potentially serious consequences for both consumer safety and brand reputation. Therefore, on-pack labelling needs to provide clear and accurate ingredient information in order that consumers can make informed decisions regarding the products they buy.
Systems and information

**Unilever’s operations are increasingly dependent on IT systems and the management of information.**

The cyber-attack threat of unauthorised access and misuse of sensitive information or disruption to operations continues to increase. Such an attack could inhibit our business operations in a number of ways, including disruption to sales, production and cash flows, ultimately impacting our results.

In addition, increasing digital interactions with customers, suppliers and consumers place ever greater emphasis on the need for secure and reliable IT systems and infrastructure and careful management of the information that is in our possession to ensure data privacy.

Given the changes in the ways of working of all our employees as well as our customers and suppliers as a result of Covid-19, there has been an increased reliance on certain elements of our IT infrastructure. We are particularly reliant on third party experts in this space and thus the impact of Covid-19 on their operations also poses a risk for us.

**Business transformation**

**Successful execution of business transformation projects is key to delivering their intended business benefits and avoiding disruption to other business activities.**

Unilever is continually engaged in major change projects, including acquisitions, disposals and organisational transformation, to drive continuous improvement in our business and to strengthen our portfolio and capabilities. Continued digitalisation of our business models and processes together with enhancing data management capabilities is a critical part of our transformation.

We have an extensive programme of transformation projects. Failure to execute such initiatives successfully could result in under-delivery of the expected benefits and there could be a significant impact on the value of the business.

**Economic and political instability**

**Adverse economic conditions may affect one or more countries, regions or may extend globally.**

Unilever operates around the world and is exposed to economic and political instability that may reduce consumer demand for our products, disrupt sales operations and/or impact the profitability of our operations.

Government actions such as foreign exchange or price controls can impact on the growth and profitability of our local operations.

Unilever has more than half of its turnover in emerging markets which can offer greater growth opportunities but also expose Unilever to related economic and political volatility.

**Treasury and Tax**

**Unilever is exposed to a variety of external financial risks in relation to Treasury and Tax.**

The relative value of currencies can fluctuate widely and could have a significant impact on business results. Further, because Unilever consolidates its financial statements in euros it is subject to exchange risks associated with the translation of the underlying net assets and earnings of its foreign subsidiaries.

We are also subject to the imposition of exchange controls by individual countries which could limit our ability to import materials paid in foreign currency or to remit dividends to the parent company.
A material shortfall in our cash flow could undermine Unilever’s credit rating, impair investor confidence and restrict Unilever’s ability to raise funds. In times of financial crisis, there is a further risk that we may not be able to raise funds due to market liquidity.

We are exposed to counter-party risks with banks, suppliers and customers, which could result in financial losses.

Tax is a complex and evolving area where laws and their interpretation are changing regularly, leading to the risk of unexpected tax exposures. International tax reform remains a key focus of attention with the OECD’s Base Erosion and Profit Shifting project, and the Digitalising Economy Project, and further potential tax reform in the EU.

**Ethical**

*Unilever’s brands and reputation are valuable assets and the way in which we operate, contribute to society and engage with the world around us is always under scrutiny both internally and externally.*

Acting in an ethical manner, consistent with the expectations of customers, consumers and other stakeholders, is essential for the protection of the reputation of Unilever and its brands.

A key element of our ethical approach to business is to reduce inequality and promote fairness. Our activities touch the lives of millions of people and it is our responsibility to protect their rights and help them live well. The safety of our employees and the people and communities we work with is critical. Failure to meet these high standards could result in damage to Unilever’s corporate reputation and business results.

**Legal and Regulatory Risk**

**Legal and regulatory**

*Compliance with laws and regulations is an essential part of Unilever’s business operations.*

Unilever is subject to national and regional laws and regulations in such diverse areas as product safety, product claims, trademarks, copyright, patents, competition, employee health and safety, data privacy, the environment, corporate governance, listing and disclosure, employment and taxes.

Failure to comply with laws and regulations could expose Unilever to civil and/or criminal actions leading to damages, fines and criminal sanctions against us and/or our employees with possible consequences for our corporate reputation. Changes to laws and regulations could have a material impact on the cost of doing business.

**Risk Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme**

*Risks relating to the structure of a particular issue of Notes*

PLC and UNUS are holding companies and currently conduct substantially all of their operations through their subsidiaries. As a result, the right of a holder of a Note to receive payments on a Note issued by PLC or guaranteed by either PLC or UNUS is structurally subordinated to the other liabilities of the subsidiaries of PLC or UNUS, as applicable. Consequently, in the event of insolvency of PLC or UNUS, the claims of holders of Notes would be structurally subordinated to the prior claims of the creditors of those subsidiaries and affiliated companies.

Each of the Issuers may issue Notes in different series with different terms in amounts that are to be determined. Although any such Notes may be listed on a recognised stock exchange, there can be no assurance that an active trading market will develop for any series of Notes. There can also be no assurance
regarding the ability of holders of Notes to sell their Notes or the price at which such holders may be able to
sell their Notes. If a trading market were to develop, the Notes could trade at prices that may be higher or
lower than the initial offering price and this may result in a return that is greater or less than the interest rate
on the Notes, depending on many factors, including, among other things, prevailing interest rates, Unilever’s
financial results, any change in Unilever’s creditworthiness and the market for similar securities.

**UFN is a finance company and is reliant on the business of the Group**

UFN is a finance company established for the purpose of raising debt for the Unilever Group with no
subsidiaries and no business operations of its own, other than raising financing, advancing funds to, receiving
funds from, and providing treasury services for, PLC and other members of the Group. Accordingly, UFN has
no trading assets and does not generate trading income. Interest payments in respect of the Notes will
effectively be paid from cash flows generated from the business of the Group. The ability of UFN to make
payments on the Notes is therefore dependent on its rights to receive inter-company payments from PLC and
other companies within the Group. If these payments are not made by PLC or other companies within the
Group, for whatever reason, UFN would not expect to have any other sources of funds available to it that
would be sufficient to make payments on the Notes. Accordingly the ability of UFN to pay interest on and
repay the Notes, and the ability of PLC to make payments in respect of its guarantee of Notes issued by UFN,
will be subject to all the risks to which the Group is subject. See “Risks relating to the Issuers and the
Guarantors and their businesses” above. See also “Dependencies” below.

**Risks related to Notes which are linked to “benchmarks”**

The Issuers may issue Floating Rate Notes, the interest on which fluctuates according to fluctuations in a
specified interest rate benchmarks ("Benchmarks"), such as the euro interbank offered rate ("EURIBOR").
Such Benchmarks have, in recent years, been the subject of political and regulatory scrutiny as to how they
are created and operated. This has resulted in regulatory reform and changes to existing Benchmarks, with
further changes anticipated. These reforms and changes may cause a Benchmark to perform differently than it
has done in the past or to be discontinued. Any change in the performance of a Benchmark or its
 discontinuation, could have a material adverse effect on any Notes referencing or linked to such Benchmark.

**Benchmarks Regulation**

The Benchmarks Regulation applies to the provision of Benchmarks, the contribution of input data to a
Benchmark and the use of a Benchmark within the EU. It, among other things, (i) requires Benchmark
administrators to be authorised or registered (or, if non-EU based, to be subject to an equivalent regime or
otherwise recognised or endorsed) and (ii) prevents certain uses by EU, supervised entities of Benchmarks of
administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised
or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a
Benchmark, in particular, if the methodology or other terms of the relevant Benchmark are changed in order
to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things,
have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the
relevant Benchmark.

**Discontinuation of EURIBOR**

The euro risk free-rate working group for the euro area has published a set of guiding principles and high
level recommendations for fallback provisions in, amongst other things, new euro denominated cash products
(including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that
continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the
risk to the euro area financial system. On 21 September 2017, the European Central Bank announced that it
would be part of a new working group tasked with the identification and adoption of a “risk-free overnight rate” which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on euro risk-free rates recommended the new euro short-term rate (“€STR”) as the new risk-free rate for the euro area. €STR was published for the first time on 2 October 2019 and the Euro Overnight Index Average (“EONIA”) rate has been reformed to reflect a fixed spread to €STR. Although EURIBOR has been reformed in order to comply with the terms of the Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

It is not possible to predict with certainty whether, and to what extent, EURIBOR will continue to be supported going forwards. This may cause EURIBOR to perform differently than it has done in the past and may have other consequences which cannot be predicted. The potential transition from EURIBOR to €STR or the elimination of EURIBOR or any other Benchmark, or changes in the manner of administration of any Benchmark, could require an adjustment to the Terms and Conditions of the Notes, or result in other consequences, in respect of any Notes referencing such Benchmark. Such factors may have (without limitation) the following effects on certain Benchmarks: (i) discouraging market participants from continuing to administer or contribute to a Benchmark; (ii) triggering changes in the rules or methodologies used in the Benchmark and/or (iii) leading to the disappearance of the Benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a Benchmark.

**Benchmark Discontinuation – Independent Adviser**

In the case of any Notes where “Benchmark Discontinuation – Independent Adviser is specified in the applicable Final Terms, if a Benchmark Event (as defined in Condition 6H) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine, in consultation with the Issuer, a Successor Rate or Alternative Rate and, in either case, an Adjustment Spread, to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest will result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form. In addition, a Benchmark Event includes, among other things, the making of a public statement by the supervisor of the administrator of the Original Reference Rate that, with effect from a date after 31 December 2021, the Original Reference Rate is or will be (or is or will be deemed by such supervisor to be) no longer representative of its relevant underlying market. In such case, the rate of interest on the relevant Notes may therefore cease to be determined by reference to the Original Reference Rate and instead be determined by reference to a Successor Rate or Alternative Rate, even if the Original Reference Rate continues to be published. Such rate may be lower than the Original Reference Rate for so long as the Original Reference Rate continues to be published, and the value of and return on the relevant Notes may be adversely affected.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser, the Conditions provide that the Issuer may vary the Conditions, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Conditions also provide that an Adjustment Spread will be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate. The Adjustment Spread is (i) the spread, formula or methodology which is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any
Relevant Nominating Body (which may include a relevant central bank, reserve bank, monetary authority, supervisory authority or group of central banks/supervisory authorities), (ii) if no such recommendation has been made, or in the case of an Alternative Rate, the spread, formula or methodology which the Independent Adviser determines is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate, or (iii) if the Independent Adviser determines that no such spread is customarily applied, the spread, formula or methodology which the Independent Adviser determines and which is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be.

Accordingly, the application of an Adjustment Spread may result in the Notes performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the terms and conditions of the Notes, including due to the possibility that a license or registration may be required under applicable legislation for establishing and publishing fallback interest rates.

Where the Issuer is unable to appoint an Independent Adviser or the Independent Adviser fails to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in Condition 6H.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant Benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant Benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the Floating Rate Notes, in effect, becoming fixed rate Notes.

Where ISDA Determination is specified as the manner in which the Rate of Interest in respect of floating rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the ISDA Definitions. Where the Floating Rate Option specified is an inter-bank offered rate (“IBOR”), the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of...
Interest that would be applicable, and may, adversely affect the value of, and return on, the Floating Rate Notes.

**Benchmark Discontinuation – ARRC SOFR**

In the case of any Notes where “Benchmark Discontinuation – ARRC SOFR” is specified in the applicable Final Terms, if the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Issuer will determine a Benchmark Replacement in accordance with the benchmark transition provisions described in Condition 6I. After such an event, interest on the relevant Notes will no longer be determined by reference to the Benchmark, but instead will be determined by reference to the applicable Benchmark Replacement.

The determination of a Benchmark Replacement, the calculation of the interest rate on the relevant Notes by reference to a Benchmark Replacement (including the application of a Benchmark Replacement Adjustment), any implementation of Benchmark Replacement Conforming Changes and any other determinations, decisions or elections that may be made under the terms of such Notes in connection with a Benchmark Transition Event, could adversely affect the value of such Notes, the return on such Notes and the price at which such Notes can be sold. Any Benchmark Replacement will likely be a relatively new market index that may be altered or discontinued.

**The market continues to develop in relation to SONIA and SOFR as reference rates for Floating Rate Notes**

Where the applicable Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Notes will be determined by reference to SONIA or SOFR, the Rate of Interest will be determined on the basis of Compounded Daily SONIA, Compounded Daily SOFR or Weighted Average SOFR (as defined in the Conditions). Compounded Daily SONIA, Compounded Daily SOFR and Weighted Average SOFR are backwards-looking, compounded, risk-free overnight rates which may behave materially differently to rates which are expressed on the basis of a forward looking term. Furthermore, SOFR is a secured rate that represents overnight secured funding transactions, and therefore will perform differently over time to unsecured rates. For example, since publication of SOFR began in April 2018 daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Accordingly, prospective investors in any Notes referencing Compounded Daily SONIA, Compounded Daily SOFR or Weighted Average SOFR should be aware that the market continues to develop in relation to SONIA and SOFR as reference rates in the capital markets and their adoption as an alternative to Sterling London Interbank Offered Rate (“LIBOR”) and Dollar LIBOR, respectively. For example, market participants and relevant working groups are exploring alternative reference rates based on SONIA and SOFR, including term SONIA and SOFR reference rates (which seek to measure the market's forward expectation of an average SONIA or SOFR rate over a designated term).

The market or a significant part thereof may adopt an application of SONIA or SOFR that differs significantly from that set out in the Conditions as applicable to Notes referencing a SONIA or SOFR rate that are issued under this Information Memorandum. Furthermore, the Issuer may in future issue Notes referencing SONIA or SOFR that differ materially in terms of interest determination when compared with any previous SONIA-, or SOFR-referenced Notes issued by it under the Programme. The continued development of SONIA and SOFR as interest reference rates for the Eurobond markets, as well as continued development of SONIA- or SOFR-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA- or SOFR-referenced Notes issued under the Programme from time to time. The use of SONIA and SOFR as a reference rates for Eurobonds continues to develop both in terms of the substance of the calculation and in the
development and adoption of market infrastructure for the issuance and trading of bonds referencing SONIA or SOFR.

Furthermore, the Rate of Interest on Notes which reference SONIA or SOFR is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference SONIA or SOFR to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of such Notes. Further, if Notes referencing SONIA or SOFR become due and payable as a result of a Default under Condition 10, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable.

In addition, the manner of adoption or application of SONIA and SOFR reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA and SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA or SOFR reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SONIA or SOFR.

Investors should carefully consider these matters when making their investment decision with respect to any such Notes.

The administrator of SONIA or SOFR may make changes that could change the value of SONIA or SOFR or discontinue SONIA or SOFR

The Bank of England or The New York Federal Reserve (or a successor), as administrator of SONIA and SOFR, respectively, may make methodological or other changes that could change the value of SONIA or SOFR, including changes related to the method by which SONIA or SOFR is calculated, eligibility criteria applicable to the transactions used to calculate SONIA or SOFR, or timing related to the publication of SONIA or SOFR. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA or SOFR (in which case a fallback method of determining the interest rate on the Instruments will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing SONIA or SOFR.

Notes subject to optional redemption by an Issuer

The Issuers may issue Notes that are callable, at the option of the relevant Issuer, either at certain times or at any time during the life of the Notes.

An optional redemption feature is likely to limit the market value of Notes. During any period when an Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

An Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

With respect to the Clean-up Call option by the Issuer (Condition 7(c)(4)), there is no obligation on the relevant Issuer to inform investors if and when the 80 per cent. threshold of the initial aggregate principal amount of a particular Series of Notes has been reached or is about to be reached, and the Issuer’s right to
redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

**Notes issued at a substantial discount or premium**
The Issuers may issue Zero Coupon Notes or interest paying notes which are issued at a discount and may issue notes at a premium to par. The market values of securities, such as the Notes, which are issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

**Risks relating to Notes generally**

**Modification, waivers and substitution**
The conditions of the Notes contain provisions for calling meetings of Noteholders (including by virtual means via an electronic platform) to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may in certain circumstances, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 15.

The effect of the above provisions is that a Noteholder may be unable to prevent certain modifications, waivers and substitutions that might be disadvantageous to that Noteholder from being made in respect of the Notes in accordance with the conditions of the Notes.

**Change of law**
The conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes and any such change could materially adversely impact the value of any Notes affected by it.

**Bearer Notes where denominations involve integral multiples**
In relation to any issue of Notes in bearer form which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that the Notes may be traded in amounts that are not integral multiples of such minimum Specified Denominations (as defined in the Conditions). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.
Dependencies
The ability of each of the Issuers and the Guarantors to meet its financial obligations, including payments in respect of the Notes, is dependent upon the availability of cash flows from its subsidiaries and/or affiliated companies through dividends, intercompany advances and other payments. See also “Description of the Issuers and the Guarantors – Dependencies”.

No obligation to pay additional amounts if payments in respect of the Notes are subject to interest withholding tax in the Netherlands in certain circumstances
The Netherlands introduced a withholding tax on interest payments. This interest withholding tax applies to interest payments directly or indirectly made by a Dutch entity, like UFN, to affiliated entities (i) in low-tax jurisdictions designated as such by the Dutch Ministry of Finance (generally, a jurisdiction (a) with a corporation tax on business profits with a general statutory rate of less than 9%, or (b) a jurisdiction included in the EU list of non-cooperative jurisdictions), or (ii) in certain abusive situations. Generally, an entity is considered to be affiliated (gelieerd) to another entity for these purposes if such entity, either individually or jointly if the entity is part of a collaborating group (samenwerkende groep), has a decisive influence on the other entity’s decisions, in such a way that it, or the collaborating group of which it forms part, is able to determine the activities of such other entity. An entity, or the collaborating group of which it forms part, that holds more than 50% of the voting rights in UFN, or in which UFN holds more than 50% of the voting rights, is in any event considered to be affiliated. An entity is also considered to be affiliated if a third party holds more than 50% of the voting rights both in such entity and UFN.

In case payments made by UFN in respect of the Notes are subject to this interest withholding tax, UFN will make the required withholding of such taxes for the account of the relevant Noteholders without being obliged to pay any additional amounts to the relevant Noteholders in respect of the interest withholding tax. Prospective investors in the Notes should consult their own tax advisers as to whether this interest withholding tax could be relevant to them.

Risks related to the market generally
The secondary market generally
Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls
The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes, (2) the Investor’s Currency equivalent value of the principal payable on the Notes and (3) the Investor’s Currency equivalent market value of the Notes.
Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

**Interest rate risks**

The Issuers may issue Notes which pay a fixed rate of interest. Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

If applicable, pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (“NI 33-105”), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with the offerings of the Notes contemplated in this Prospectus as completed by the Final Terms in relation thereto.

The distribution of this Information Memorandum and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Information Memorandum comes or who deal in the Notes are required by the Issuers, the Guarantors and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on distribution of this Information Memorandum or any Final Terms and other offering material relating to the Notes, see “Subscription and Sale” below.

In particular, the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), or any relevant securities laws of any state of the United States of America and are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered in the United States or to or for the account or benefit of U.S. persons, as such terms are defined in Regulation S under the Securities Act, see “Subscription and Sale” below.
Neither this Information Memorandum nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

Neither this Information Memorandum nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuers, the Guarantors or the Dealers that any recipient of this Information Memorandum should subscribe for or purchase any Notes. Each recipient shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuers and the Guarantors.

In this Information Memorandum, references to a “Member State” are references to a Member State of the EEA, references to “U.S.$”, “U.S. Dollars” and “United States Dollars” are to the lawful currency of the United States of America, references to “£” and “sterling” are to the lawful currency of the United Kingdom and references to “€” and “euro” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended (the “Treaty”).

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;
(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where the currency for principal or interest payments is different from the potential investor’s currency;
(iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. Changes in methodology and criteria used by such credit agencies could also result in downgrades to the credit ratings initially assigned to an issue of Notes that do not reflect changes in general economic conditions or the Issuers’ financial condition. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.
The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

**MiFID II product governance / target market** – The Final Terms in respect of any Notes may include a legend entitled “MiFID II PRODUCT GOVERNANCE” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

**UK MiFIR product governance/target market** – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR PRODUCT GOVERNANCE” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the product governance rules set out in the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and
therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the “EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Benchmarks Regulation

Amounts payable under the Notes may be calculated by reference to the Euro Interbank Offered Rate (“EURIBOR”) which is administered by the European Money Markets Institute (“EMMI”), the Sterling Overnight Index Average (“SONIA”), which is administered by the Bank of England or the Secured Overnight Financing Rate (“SOFR”) which is provided by the Federal Reserve Bank of New York. As at the date of this Information Memorandum, EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“ESMA”) pursuant to Article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011) (the “Benchmarks Regulation”). As far as the Issuers are aware, the Bank of England, as administrator of SONIA, is not required to be registered by virtue of Article 2 of the Benchmarks Regulation.

Singapore SFA Product Classification: In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (as modified or amended from time to time, the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified in the Final Terms in relation to any Notes, each Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018).
STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES UNDER THE PROGRAMME, ONE OR MORE RELEVANT DEALERS (THE “STABILISATION DEALER/MANAGER(S)”) (OR PERSONS ACTING FOR THE STABILISATION DEALER/MANAGER(S)) MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH THE ADEQUATE PUBLIC DISCLOSURE OF THE FINAL TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT SHALL BE CONDUCTED IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the Terms and Conditions of the Notes which (subject to completion) will be applicable to each Tranche of Notes.

The Notes are constituted by a trust deed dated 22 July 1994 (the “Trust Deed”, which expression shall include any amendments or supplements thereto or any restatement thereof) made between Unilever Finance Netherlands B.V. (“UFN”) and Unilever PLC (“PLC”) as issuers (the “Issuers” and each an “Issuer”, which expression shall include any Group Company (as defined below) which becomes an Issuer as contemplated by Condition 15), PLC and Unilever United States, Inc. (“UNUS”) as guarantors of the Notes as hereinafter described (the “Guarantors” and each a “Guarantor”) and The Law Debenture Trust Corporation p.l.c. (the “Trustee”, which expression shall include any successor to The Law Debenture Trust Corporation p.l.c. in its capacity as such) as trustee for the holders of each Series of the Notes (the “Noteholders”). Pursuant to the Trust Deed, the Notes issued by (i) UFN (the “UFN Notes”) are guaranteed unconditionally and irrevocably on a joint and several basis by PLC and UNUS and (ii) PLC (the “PLC Notes” and, together with the UFN Notes, the “Notes”) are guaranteed unconditionally and irrevocably by UNUS.

Certain statements herein are summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Notes and of the interest coupons, if any, appertaining to the Notes (the “Coupons”). The Notes and the Coupons also have the benefit of a paying agency agreement dated 22 July 1994 (the “Paying Agency Agreement”, which expression shall include any amendments or supplements thereto or any restatement thereof) made between UFN, PLC and UNUS in their capacities as Issuers and Guarantors (as applicable), Deutsche Bank AG, London Branch as principal paying agent (the “Principal Paying Agent”, which expression shall include any successor to Deutsche Bank AG, London Branch in its capacity as such and any substitute or additional principal paying agent appointed in accordance with the Paying Agency Agreement), the paying agents named therein (the “Paying Agents”, which expression shall, unless the context otherwise requires, include the Principal Paying Agent and any substitute or additional paying agents appointed in accordance with the Paying Agency Agreement) and the Trustee. Noteholders and the holders of the Coupons (the “Couponholders”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the Paying Agency Agreement. Copies of the Trust Deed and the Paying Agency Agreement are available for inspection during normal business hours at the registered office for the time being of the Trustee (being at the date of this Information Memorandum at Eighth Floor, 100 Bishopsgate, London EC2N 4AG) and at the specified office of each of the Paying Agents.

The Notes are issued in series (each a “Series”), and each Series may comprise one or more tranches (“Tranches” and each a “Tranche”) of Notes. Each Tranche will be the subject of final terms or a pricing supplement (“Final Terms”) prepared by, or on behalf of, the Issuer, a copy of which will, in the case of a Tranche of Notes which is to be listed on the Euronext in Amsterdam (“Euronext Amsterdam”) and/or the Stock Exchange of Hong Kong and/or the Singapore Exchange, be lodged with Euronext Amsterdam and/or the Stock Exchange of Hong Kong and/or the Singapore Exchange and be available for inspection at the specified office of each of the Paying Agents appointed in respect of such Notes.

In these Terms and Conditions, unless otherwise expressly stated, references to Notes are to Notes of the relevant Series, references to Coupons are to Coupons appertaining to Notes of the relevant Series, references to the Issuer are to the Issuer of such Notes, references to the Guarantor(s) are references to the Guarantor(s) of such Issuer’s obligations under such Notes and references to the Paying Agents are references to the Paying Agents appointed in respect of such Notes. Subject thereto, capitalised terms shall, unless defined herein, have the meanings ascribed thereto in the Trust Deed.
1 Form and Denomination

(a) Notes are issued in bearer form. Each Note is a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note or a combination of any of the foregoing. All payments in respect of each Note shall be made in the currency shown on its face.

Form of Notes

(b) Each Tranche of Notes will be represented upon issue by a temporary global note (a “Temporary Global Note”) in substantially the form (subject to amendment and completion) scheduled to the Trust Deed and, if so specified in the Final Terms, such Temporary Global Note shall be a New Global Note. On or after the date (the “Exchange Date”) which is 40 days after the completion of distribution of the Notes of the relevant Tranche and provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in the form set out in the Temporary Global Note or such other form as may replace it) has been received, interests in the Temporary Global Note may be exchanged for:

(i) interests in a permanent global note (a “Permanent Global Note”) representing the Notes of that Tranche and in substantially the form (subject to amendment and completion) scheduled to the Trust Deed; or

(ii) definitive Notes in bearer form (“Definitive Notes”) which will be serially numbered and in substantially the form (subject to amendment and completion) scheduled to the Trust Deed.

If interests in the Temporary Global Note are exchanged for interests in a Permanent Global Note pursuant to clause (i) above, interests in such Permanent Global Note may thereafter be exchanged for Definitive Notes described in clause (ii) above.

Each exchange of an interest in a Temporary Global Note for an interest in a Permanent Global Note or for a Definitive Note, and each exchange of an interest in a Permanent Global Note for a Definitive Note, shall be made outside the United States.

(c) If any date on which a payment of interest is due on the Notes of a Tranche occurs while any of the Notes of that Tranche are represented by the Temporary Global Note, the related interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in the form set out in the Temporary Global Note or such other form as may replace it) has been received by Euroclear Bank SA/NV (“Euroclear”), Clearstream Banking S.A. (“Clearstream, Luxembourg”) or any other relevant clearing system. Payments of principal or interest (if any) on a Permanent Global Note will be made through Euroclear or Clearstream, Luxembourg without any requirement for certification.

(d) If so specified in the relevant Final Terms, interests in a Permanent Global Note will be exchangeable in whole (but not in part only), at the option of the Holder of such Permanent Global Note and in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system and, unless otherwise specified in the relevant Final Terms, at the Issuer’s cost, for Definitive Notes. In order to exercise such option, the Holder must, not less than 45 days before the date on which delivery of Definitive Notes in global or definitive form is required, deposit the relevant Permanent Global Note with the Principal Paying Agent with the form of exchange notice endorsed thereon duly completed. Interests in a Permanent Global Note will, in any event, be exchangeable in whole (but not in part only) at the cost of the Issuer, for Definitive Notes (i) if any Note of the relevant Series becomes due and repayable following a Default (as defined in
Condition 10A), or (ii) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing
system should cease to operate as a clearing system (other than by reason of public holiday) or should
announce an intention permanently to cease business and it shall not be practicable to transfer the
relevant Notes to another clearing system within 90 days.

In relation to any issue of Notes which are represented by a Temporary Global Note which is expressed
to be exchangeable for Definitive Notes or an issue of Notes which are represented by a Permanent
Global Note exchangeable for Definitive Notes at the option of the Holder, such Notes shall be
tradeable only in principal amounts of at least the Specified Denomination (or if more than one
Specified Denomination, the lowest Specified Denomination) and multiples thereof. The exchange
upon notice option should not be expressed to apply in the applicable Final Terms if the Specified
Denomination of the Notes includes language substantially to the following effect: “€100,000 and
integral multiples of €1,000 in excess thereof up to and including €199,000.” Furthermore, such
Specified Denomination construction is not permitted in relation to any issue of Notes which is to be
represented on issue by a Temporary Global Note exchangeable for Definitive Notes.

If the Notes are stated in the applicable Final Terms to be issued in NGN form, the relevant clearing
systems will be notified whether or not such Notes are intended to be held in a manner which would
allow Eurosysten eligibility. Depositing the Global Notes with the Common Safekeeper does not
necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary
policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times
during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

(e) Interest-bearing Definitive Notes will have attached thereto at the time of their initial delivery Coupons
presentation of which will be a prerequisite to the payment of interest in certain circumstances
specified below. Interest-bearing Definitive Notes will also, if applicable, have attached thereto, at the
time of their initial delivery, a talon (a “Talon”) for further coupons and the expression “Coupons”
shall, where the context so permits, include Talons.

(f) The following legend will appear on all Notes with maturities of more than 365 days and (in the case
of Definitive Notes) on Coupons and Talons appertaining thereto:

“Any United States person who holds this obligation will be subject to the limitations under the United
States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the
Internal Revenue Code”.

The Internal Revenue Code sections referred to above provide that United States Holders, with certain
exceptions, will not be entitled to deduct any loss on Notes, Coupons or Talons and will not be entitled
to capital gains treatment in respect of any gain recognised on any sale, disposition, redemption or
payment of principal in respect of Notes or Coupons.

**Denomination of Notes**

(g) Subject to any then applicable legal and regulatory requirements, (i) Notes will be in the denomination
or denominations (each of which denominations must be integrally divisible by either the smallest
denomination or by the smallest increment between denominations, whichever is smaller) specified in
the relevant Final Terms and (ii) Notes may not be issued under the Programme which have a
minimum denomination of less than €100,000 (or its equivalent in another currency). Notes of one
denomination will not be exchangeable, after their initial delivery, for Notes of any other denomination.
Currency of Notes

(h) Notes may be denominated in any currency (including, without limitation, euro (as defined in Condition 8C(3)) subject to compliance with all applicable legal or regulatory requirements.

References to “Notes”

(i) For the purposes of these Terms and Conditions, references to “Notes” shall, as the context may require, be deemed to be to Temporary Global Notes, Permanent Global Notes or Definitive Notes.

2 Status of the Notes

Subject to Condition 4, the Notes constitute direct, unconditional and unsecured obligations of the Issuer and (subject as aforesaid) rank and will rank pari passu without any preference among themselves with all other present and future unsecured and unsubordinated obligations of the Issuer (other than obligations preferred by law).

3 Status of the Guarantee

Subject to Condition 4, the obligations of each Guarantor under the guarantee constitute unsecured obligations of such Guarantor and (subject as aforesaid) rank and will rank (subject to any obligations preferred by law) pari passu with all other present and future unsecured and unsubordinated obligations of such Guarantor.

4 Negative Pledge

(A) Negative Pledge for UFN Notes

So long as any UFN Notes remain outstanding (as defined in the Trust Deed):

(a) UFN will not create or have outstanding any mortgage, charge, lien, pledge or other security interest upon the whole or any part of its undertaking or assets (including any uncalled capital), present or future; and

(b) PLC will not create or have outstanding any mortgage, charge, lien, pledge or other security interest upon the whole or any substantial part of its undertaking or assets (including any uncalled capital), present or future,

to secure any Indebtedness of any person (or any guarantee or indemnity given in respect thereof) unless the UFN Notes and the Coupons thereon shall be secured by such mortgage, charge, lien, pledge or other security interest equally and rateably therewith in the same manner or in a manner satisfactory to the Trustee or such other security for the UFN Notes and the Coupons thereon shall be provided as the Trustee shall, in its absolute discretion, deem not less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of Noteholders provided that the restriction contained in this Condition 4(A) shall not apply to:

(i) any mortgage, charge, lien, pledge or other security interest arising solely by mandatory operation of law; and

(ii) any security over assets of PLC or UFN arising pursuant to the Algemene Voorwaarden (general terms and conditions) of the Nederlandse Vereniging van Banken (Dutch Bankers’ Association) and/or similar terms applied by financial institutions, if and insofar as applicable.
(B) Negative Pledge for PLC Notes

So long as any PLC Notes remain outstanding (as defined in the Trust Deed), PLC will not create or have outstanding any mortgage, charge, lien, pledge or other security interest upon the whole or any substantial part of its undertaking or assets (including any uncalled capital), present or future, to secure any Indebtedness of any person (or any guarantee or indemnity given in respect thereof) unless the PLC Notes and the Coupons thereon shall be secured by such mortgage, charge, lien, pledge or other security interest equally and rateably therewith in the same manner or in a manner satisfactory to the Trustee or such other security for the PLC Notes and the Coupons thereon shall be provided as the Trustee shall, in its absolute discretion, deem not less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of Noteholders provided that the restriction contained in this Condition 4(B) shall not apply to:

(i) any mortgage, charge, lien, pledge or other security interest arising solely by mandatory operation of law; and

(ii) any security over assets of PLC arising pursuant to the Algemene Voorwaarden (general terms and conditions) of the Nederlandse Vereniging van Banken (Dutch Bankers’ Association) and/or similar terms applied by financial institutions, if and insofar as applicable.

For the purposes of this Condition 4:

“Indebtedness” means any loan or other indebtedness in the form of, or represented by, bonds, notes, debentures or other securities which at the time of issue thereof either is, or is intended to be, quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter or other recognised securities market and which by its terms has an initial stated maturity of more than one year; and

“substantial” means an aggregate amount equal to or greater than 25 per cent. of the aggregate value of the fixed assets and current assets of PLC and its group companies (being those companies required to be consolidated in accordance with United Kingdom legislative requirements relating to consolidated accounts) (the “Unilever Group”, and any company within the Unilever Group being referred to herein as a “Group Company”), such value and such assets being determined by reference to the then most recently published audited consolidated balance sheet of the Unilever Group. A report by the Auditors of PLC that, in their opinion, (1) the amounts shown in a certificate provided by PLC (showing the fixed assets and current assets of the relevant part and those fixed assets and current assets expressed as a percentage of the fixed assets and current assets of the Unilever Group) have been accurately extracted from the accounting records of the Unilever Group, and (2) the percentage of the fixed assets and current assets of that part to the fixed assets and the current assets of the Unilever Group has been correctly calculated, shall, in the absence of manifest error, be conclusive evidence of the matters to which it relates.

5 Title

(a) Title to Notes and Coupons will pass by delivery. References herein to the “Holders” of Notes or Coupons signify the bearers of such Notes or such Coupons.

(b) The Issuer, the Guarantor(s), the Trustee and the Paying Agents may deem and treat the Holder of any Note or Coupon as the absolute owner thereof (whether or not such Note or Coupon shall be overdue and notwithstanding any notice of any previous loss or theft thereof or any express or constructive notice of any claim by any other person of any interest therein) for the purpose of making payments and for all other purposes.
6 Interest

Notes may be interest-bearing or non-interest-bearing, as specified in the relevant Final Terms. The Final Terms in relation to each Tranche of interest-bearing Notes shall specify which one (and one only) of Conditions 6A, 6B or 6C shall be applicable and Condition 6D will be applicable to each Tranche of interest-bearing Notes as specified therein. Condition 6G shall be applicable to Zero Coupon Notes.

(A) Interest – Fixed Rate

Notes, in relation to which this Condition 6A is specified in the relevant Final Terms as being applicable, shall bear interest from their date of issue (the “Issue Date”) (as specified in the relevant Final Terms) or from such other date as may be specified in the relevant Final Terms at the rate or rates per annum (or otherwise) (the “Fixed Rate of Interest”) specified in the relevant Final Terms. Such interest will be payable in arrear on such dates (the “Fixed Interest Payment Dates”) as are specified in the relevant Final Terms and on the date of final maturity thereof (the “Maturity Date”). The amount of interest payable in respect of any Note in relation to which this Condition 6A is specified in the relevant Final Terms as being applicable shall be calculated by multiplying the product of the Fixed Rate of Interest and:

(i) in the case of any such Note in global form, the principal amount of such Note; or

(ii) in the case of any such Note in definitive form, the Calculation Amount,

in each case, by the applicable Day Count Fraction (as defined in Condition 6E(6)) as specified in the relevant Final Terms and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Denomination of a Note in relation to which this Condition 6A is specified in the relevant Final Terms as being applicable and which is in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Denomination without any further rounding. If no Day Count Fraction is specified in the relevant Final Terms then, in the case of Notes denominated in any currency other than U.S. dollars, the applicable Day Count Fraction shall be Actual/Actual (ICMA) (as defined in Condition 6E(6)(ii)) and, in the case of Notes denominated in U.S. dollars, the applicable Day Count Fraction shall be 30/360 (as defined in Condition 6E(6)(v)).

(B) Interest – Floating Rate (Screen Rate Determination)

(1) Notes, in relation to which this Condition 6B is specified in the relevant Final Terms as being applicable, shall bear interest at the rates per annum (or otherwise) determined in accordance with this Condition 6B.

(2) Such Notes shall bear interest from their Issue Date (as specified in the relevant Final Terms) or from such other date as may be specified in the relevant Final Terms. Such interest will be payable on each Interest Payment Date (as defined in Condition 6E(1)) and on the date of the final maturity thereof (the “Maturity Date”) (if any).

(3) The relevant Final Terms, in relation to Notes in relation to which this Condition 6B is specified as being applicable, shall specify which page (the “Relevant Screen Page”), on the Reuters Screen or any other information vending service, shall be applicable. For these purposes, “Reuters Screen” means the Reuters Money Market Rates Service (or such other service as may be nominated as the information vendor for the purpose of displaying comparable rates in succession thereto). The reference rate for such Notes shall be the Euro interbank offered rate
(“EURIBOR”), in each case for the relevant period, as specified in the relevant Final Terms (the “Reference Rate”).

Screen Rate Determination for Floating Rate Notes not referencing Compounded Daily SONIA, Compounded Daily SOFR or Weighted Average SOFR

(4) The rate of interest (the “Rate of Interest”) for each Interest Period (as defined in Condition 6E(1)) in relation to Notes in relation to which this Condition 6B is specified as being applicable and the Reference Rate in respect of the Notes is not specified in the relevant Final Terms as being “Compounded Daily SONIA”, “Compounded Daily SOFR” or “Weighted Average SOFR” shall, subject to Condition 6H, be determined by the Determination Agent (being the Principal Paying Agent or any other party named in the applicable Final Terms) on the following basis:

(i) the Determination Agent will determine the rate for deposits (or, as the case may require, the arithmetic mean of the rates for deposits rounded (if necessary) to the fourth decimal place, with 0.00005 being rounded upwards) in the relevant currency for a period of the duration of the relevant Interest Period according to the rate (or rates) appearing for the Reference Rate on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date (as defined in Condition 6B(6)). If five or more rates for deposits appear for the Reference Rate on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Determination Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such rates for deposits;

(ii) if, on any Interest Determination Date, no such rate for deposits so appears (or, as the case may require, if fewer than three such rates for deposits so appear) or if the Relevant Screen Page (or any replacement therefor) is unavailable or if the Reference Rate is unavailable on the Relevant Screen Page, the Issuer will request appropriate quotations and the Determination Agent will determine the arithmetic mean of the rates at which deposits in the relevant currency are offered by four major banks in, in the case of Notes denominated in any currency other than euro, the London interbank market or, in the case of Notes denominated in euro, the Euro-zone interbank market, selected by the Determination Agent, at the Relevant Time on the Interest Determination Date to prime banks in, in the case of Notes denominated in any currency other than euro, the London interbank market or, in the case of Notes denominated in euro, the Euro-zone interbank market for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time. If two or more of such banks provide the Issuer with such quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded (if necessary) to the fourth decimal place, with 0.00005 being rounded upwards) of such quotations. “Euro-zone” means the zone comprising the member states of the European Union that from time to time have the euro as their currency;
(iii) if, on any Interest Determination Date, only three such rates for deposits are so quoted by such banks, the Determination Agent will determine the arithmetic mean (rounded as aforesaid) of the rates so quoted; or

(iv) if fewer than three or no rates are so quoted by such banks, the Determination Agent will determine the arithmetic mean of the rates quoted by four major banks in the Relevant Financial Centre (as defined in Condition 8B(1)) (or, in the case of Notes denominated in euro, in such financial centre or centres as the Issuer may select), selected by the Issuer, at approximately 11.00 a.m. (Relevant Financial Centre time (or local time at such other financial centre or centres as aforesaid)) on the Interest Determination Date for loans in the relevant currency to leading European banks for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Notes during each Interest Period will be the sum of the relevant margin (the "Relevant Margin") specified in the relevant Final Terms and the rate (or, as the case may be, the arithmetic mean) so determined; provided that, if the Determination Agent is unable to determine a rate (or, as the case may be, an arithmetic mean) in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Notes during such Interest Period will be the sum of the Relevant Margin and the rate (or, as the case may be, the arithmetic mean) last determined in relation to such Notes in respect of the preceding Interest Period; and provided always that, if there is specified in the relevant Final Terms a minimum interest rate (the "Minimum Rate of Interest") or a maximum interest rate (the "Maximum Rate of Interest"), then the Rate of Interest shall in no event be less than or, as the case may be, exceed such Minimum Rate of Interest or Maximum Rate of Interest. Unless otherwise specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(5) The Determination Agent will, as soon as practicable after determining the Rate of Interest in relation to each Interest Period, calculate the amount of interest (the "Interest Amount") payable in respect of the principal amount of each denomination of such Notes specified in the relevant Final Terms for the relevant Interest Period. The Interest Amount will be calculated by multiplying the product of the Rate of Interest for such Interest Period and:

(i) in the case of such Notes in global form, the principal amount of such Notes; or

(ii) in the case of such Notes in definitive form, the Calculation Amount,

in each case, by the applicable Day Count Fraction specified in the relevant Final Terms and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Denomination of a Note to which this Condition 6B is specified in the relevant Final Terms as being applicable and which is in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Denomination without any further rounding. (F) Interest – Floating Rate – Linear Interpolation

Where Linear Interpolation is specified in the relevant final terms as applicable in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Determination Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Condition 6B (Screen Rate Determination) is specified hereon as applicable) or the relevant Floating Rate Option (where Condition 6C (ISDA Determination) is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Determination Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(G) Zero Coupon Notes

Where a Note the interest basis of which is specified in the relevant final terms to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the early redemption amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7(i)).

(H) Benchmark Discontinuation – Independent Adviser

This Condition 6H shall apply to Notes only if “Benchmark Discontinuation – Independent Adviser” is specified in the applicable Final Terms.

(I) Independent Adviser

If the Issuer determines that a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine, in consultation with the Issuer, a Successor Rate, failing which an Alternative Rate (in accordance with Condition 6H(2)) and, in either case, an Adjustment Spread if any (in accordance with Condition 6H(3)) and any Benchmark Amendments (in accordance with Condition 6H(4)).
For the avoidance of doubt, the Principal Paying Agent shall not be obliged to monitor or inquire whether a Benchmark Event has occurred or have any liability in respect thereof.

An Independent Adviser appointed pursuant to this Condition 6H shall act in good faith and in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Trustee, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 6H.

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 6H(1) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 6H(1) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 6H(1).

(2) Successor Rate or Alternative Rate

If the Independent Adviser, determines that:

(a) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 6H(3)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 6H); or

(b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 6H(3)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 6H).

(3) Adjustment Spread

If the Independent Adviser determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, or determines that no Adjustment Spread is required to be applied, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.

Notwithstanding any other provision of this Condition 6, if in the Determination Agent’s opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 6, the Determination Agent shall promptly notify the Issuer thereof and the Issuer or the Independent Adviser on behalf of the Issuer shall direct the Determination Agent
in writing as to which alternative course of action to adopt. If the Determination Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and the Trustee thereof and the Determination Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

(4) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 6H and the Independent Adviser determines (i) that amendments to these Terms and Conditions, the Paying Agency Agreement and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread or to follow market practice in relation thereof (such amendments, the “Benchmark Amendments”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 6H(5), without any requirement for the consent or approval of Noteholders, vary these Terms and Conditions, the Paying Agency Agreement and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

Such Benchmark Amendments shall not, without the prior consent of the party responsible for determining the Rate of Interest, either impose more onerous obligations on such party or expose such party to any additional duties.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by an authorised signatory of the Issuer pursuant to Condition 6H(5), the Trustee shall (at the expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments (including, inter alia, by the execution of a deed supplemental to or amending the Trust Deed and/or the Paying Agency Agreement), provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed or the Paying Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental paying agency agreement) in any way.

Notwithstanding any other provision of this Condition 6H, the Determination Agent or any Paying Agent is not obliged to concur with the Issuer or the Independent Adviser in respect of any changes or amendments as contemplated under this Condition 6H to which, in the sole opinion of the Determination Agent or the relevant Paying Agent, as the case may be, would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Determination Agent or the relevant Paying Agent (as applicable) in the Paying Agency Agreement and/or these Terms and Conditions.

In connection with any such variation in accordance with this Condition 6H(4), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(5) Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 6H will be notified promptly by the Issuer to the Trustee, the Determination Agent, the Paying Agents and, in accordance with Condition 14, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.
No later than notifying the Noteholders of the same, the Issuer shall deliver to the Trustee, the Determination Agent and the Paying Agents a certificate signed by an authorised signatory of the Issuer:

(a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 6H; and

(b) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread or to follow market practice in relation thereof.

Each of the Trustee, the Determination Agent and the Paying Agents shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and without prejudice to the Trustee’s or the Determination Agent’s or the Paying Agents’ ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Determination Agent, the Paying Agents and the Noteholders.

(6) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under Condition 6H(1), (2) and (3), the Original Reference Rate and the fallback provisions provided for in Condition 6B(4) will continue to apply unless and until the Issuer determines that a Benchmark Event has occurred, and the Trustee and the Principal Paying Agent have been notified of the Successor Rate or Alternative Rate (as the case may be) and the Adjustment Spread and any Benchmark Amendments in accordance with this condition.

(7) Definitions

applicable Final Terms at their Final Redemption Amount (which, unless otherwise specified in the applicable Final Terms, is their nominal amount) specified in the applicable Final Terms.

(3) Make Whole Redemption

If Condition 7(c) – Make Whole Redemption is specified in the relevant Final Terms as being applicable, then the Issuer may, upon the expiry of the appropriate notice (as specified in Condition 7(d)), redeem all (but not, unless and to the extent that the relevant Final Terms specifies otherwise, some only) of the Notes at any time or from time to time (i) where no particular period during which Make-Whole Redemption is applicable is specified, prior to their Maturity Date, or (ii) where Make-Whole Redemption is specified as only being applicable for a certain period, during such period, in each case on the date for redemption specified in such notice (the “Make Whole Redemption Date”) at the Make Whole Redemption Amount. The Make Whole Redemption Amount shall be equal to the higher of the following, in each case together with accrued interest (if any) thereon (calculated as provided in these Terms and Conditions and the Trust Deed) to but excluding the date fixed for redemption:

(i) the nominal amount of the Note; and

(ii) the sum of the then present values of the remaining scheduled payments of principal and the Remaining Term Interest on such Notes (exclusive of interest accrued to the Make Whole Redemption Date) and such present values shall be calculated by discounting such amounts to the Make Whole Redemption Date on an annual basis (based on the Day Count Fraction specified hereon) at the Reference Dealer Rate (as defined below) plus any applicable Redemption Margin specified in the applicable Final Terms, in each case as determined by the Determination Agent.

Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the applicable Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the applicable Final Terms.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

In this Condition:

“Determination Agent” means a financial adviser or bank which is independent of the Issuer appointed by the Issuer and approved by the Trustee for the purpose of determining the Make Whole Redemption Price.

“Determination Date” means the date specified as such in the applicable Final Terms.

“Gross Redemption Yield” means a yield calculated in accordance with generally accepted market practice at such time, as advised to the Issuer by the Determination Agent.

“Reference Dealers” means those Reference Dealers specified in the applicable Final Terms;

“Reference Dealer Rate” means with respect to the Reference Dealers and the Make Whole Redemption Date, the average of the five quotations of the mid-market annual yield to maturity of the Reference Bond specified in the relevant Final Terms or, if the Reference Bond is no longer outstanding, a similar security in the reasonable judgement of the Reference Dealers, at the Quotation Time specified in the applicable Final Terms on the Determination Date specified in the applicable
Final Terms quoted in writing to the Determination Agent and the Trustee by the Reference Dealers; and

“Remaining Term Interest” means, with respect to any Note, the aggregate amount of scheduled payment(s) of interest on such Notes for the remaining term to maturity of such Notes (or if Issuer Par Call is specified as being applicable in the applicable Final Terms, the remaining term up to the Par Call Period Commencement Date as specified in the applicable Final Terms) determined on the basis of the rate of interest applicable to such Note from and including the date on which such Note is to be redeemed by the Issue pursuant to this Condition 7(c).

(4) Clean-Up Call

If Condition 7(c) – Clean-Up Call is specified in the relevant Final Terms as being applicable, in the event that at least 80 per cent. of the initial aggregate principal amount of the Notes has been purchased and cancelled by the Issuer, then the Issuer may, at its option, upon the expiry of the appropriate notice (as specified in Condition 7(d)) redeem all (but not some only) of the Notes at their Final Redemption Amount specified in the applicable Final Terms.

(d) The Appropriate Notice

The appropriate notice referred to in the relevant provision of Condition 7(c) is a notice given by the Issuer to the Trustee and the Principal Paying Agent which notice shall be signed by an authorised signatory of the Issuer and shall specify:

(i) the Notes subject to redemption;

(ii) (if the relevant Final Terms specifies that some only of the Notes may be redeemed) whether Notes are to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of the Notes which are to be redeemed;

(iii) the due date for such redemption, which shall be a Business Day (as defined in Condition 8B(1)) which shall be not less than 10 days after the date on which such notice is validly given, which shall be, in the case of Notes which bear interest at a floating rate, an Interest Payment Date; and

(iv) the Call Early Redemption Amount at which such Notes are to be redeemed or, as applicable, the Determination Date on which the Make Whole Redemption Amount shall be determined.

In addition, if Condition 7(c) – Make Whole Redemption is specified in the relevant Final Terms as being applicable, then the notice may, at the Issuer’s discretion, be subject to one or more conditions precedent, in which case such notice shall state that, in the Issuer’s discretion, the Make Whole Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by the Issuer in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the Issuer in its sole discretion) by the Make Whole Redemption Date, or by the Make Whole Redemption Date so delayed.

Any such notice shall be given not more than the Maximum Period of Notice and not less than the Minimum Period of Notice, each as specified in the applicable Final Terms prior to the date fixed for redemption, shall also be given to the Holders of the Notes in accordance with Condition 14, shall be irrevocable (unless the Trustee otherwise agrees), and the delivery thereof shall oblige the Issuer to make the redemption therein specified.
(c) **Partial Redemption**

If the Notes are to be redeemed in part only on any date in accordance with Condition 7(c) the Notes to be redeemed shall be drawn by lot in such European city as the Issuer and the Trustee may agree, or identified in such other manner or in such other place as the Trustee may, in its absolute discretion, approve and deem appropriate and fair, subject always to compliance with all applicable laws and the requirements and procedures of any stock exchange on which the relevant Notes may be listed and of any clearing system in which the Notes are held and, in the case of such clearing system being Euroclear and Clearstream, Luxembourg, such redemption to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion.

(f) **Optional Early Redemption (Put)**

If this Condition 7(f) is specified in the relevant Final Terms as being applicable, then the Issuer shall, upon the exercise of the relevant option by the Holder of any Note, redeem such Note on the date or the next of the dates specified in the relevant Final Terms at its principal amount (or such other redemption amount as may be specified in the relevant Final Terms) (each, a "**Put Early Redemption Amount**"). In order to exercise such option, the Holder must, not less than 45 days before the date so specified, deposit the relevant Note (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with any Paying Agent together with a duly completed redemption notice in the form which is available from the specified office of any of the Paying Agents.

(g) **Purchase of Notes**

The Issuer, each Guarantor and any other Group Company may at any time purchase Notes at any price in the open market or otherwise. If purchases are made by tender, tenders must be made available to all Noteholders alike.

(h) **Cancellation**

All Notes (together, in the case of interest-bearing Definitive Notes, with unmatured Coupons attached thereto or surrendered therewith) redeemed in accordance with this Condition 7 shall be cancelled forthwith and may not be reissued or resold, and Notes (together, in the case of interest-bearing Definitive Notes, with unmatured Coupons attached thereto or surrendered therewith) purchased in accordance with this Condition 7 may, at the option of the purchaser, be cancelled, held or resold.

(i) **Zero Coupon Notes**

(i) The early redemption amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 7(b), Condition 7(c) or Condition 7(f) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the relevant final terms.

(ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

(iii) If the early redemption amount payable in respect of any such Note upon its redemption pursuant to Condition 7(b), Condition 7(c) or Condition 7(f) or upon it becoming due
and payable as provided in Condition 10 is not paid when due, the early redemption amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6G.

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the final terms.

8 Payments

(A) Payments

(1) Payment of amounts (whether principal, redemption amount or otherwise and including accrued interest other than interest due against surrender of matured Coupons) due in respect of a Note will be made against presentation of the relevant Note at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States provided that such payment is not made into the United States or into an account maintained in the United States.

(2) Payment of amounts due in respect of interest on Notes will be made:

(a) in the case of a Temporary Global Note or Permanent Global Note, against presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States and, in the case of a Temporary Global Note, upon due certification as required therein;

(b) in the case of Definitive Notes without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Definitive Notes at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States; and

(c) in the case of Definitive Notes initially delivered with Coupons attached thereto, against surrender of the relevant Coupons at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States.

(3) Payments of amounts due in respect of interest on Notes and exchanges of Talons for Coupon sheets in accordance with Condition 8A(6) will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code of 1986, as amended, and U.S. Treasury regulations thereunder) unless:

(a) payment in full of amounts due or, as the case may be, the exchange of Talons in respect of interest on such Notes when due at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions;

(b) such payment or, as the case may be, exchange is permitted by applicable United States law; and
(c) the Notes are denominated in and payable in United States Dollars.

If paragraphs (i) to (iii) above apply, the Issuer and the Guarantor(s) shall forthwith appoint a further Paying Agent with a specified office in New York City.

(4) If the due date for payment of any amount due in respect of any Note is not both a Relevant Financial Centre Day and a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and, thereafter, will be entitled to receive payment by cheque on any local banking day, and will be entitled to payment by transfer to a designated account, on any day which is a local banking day, a Relevant Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located. No further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is subsequent failure to pay in accordance with these Terms and Conditions in which event interest shall continue to accrue as provided in Condition 6E(5). For the purpose of this Condition 8A(4), “Relevant Financial Centre Day” means, in the case of a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the Relevant Financial Centre and any other place specified in the relevant Final Terms and, in the case of payment in euro, a TARGET Day and a “local banking day” means a day (other than a Saturday or Sunday) on which commercial banks are open for business in the place of presentation of the relevant Note or, as the case may be, Coupon.

(5) Each Definitive Note initially delivered with Coupons attached thereto shall be presented and, save in the case of partial redemption of such Note, surrendered for final redemption together with all unmatured Coupons appertaining thereto, failing which:

(a) in the case of Definitive Notes which bear interest at a fixed rate or rates, the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing unmatured Coupon which that redemption amount paid bears to the total redemption amount due) (excluding for this purpose Talons) will be deducted from the amount otherwise payable on such final redemption, the principal amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within 10 years of the Relevant Date applicable to payment of such final redemption amount; and

(b) in the case of Definitive Notes which bear interest at, or at a margin above or below, a floating rate, all unmatured Coupons relating to such Notes (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them.

The provisions of paragraph (i) of this Condition 8A(5) notwithstanding, if any Definitive Notes which bear interest at a fixed rate or rates should be issued with a maturity date and a fixed rate or fixed rates such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (i) to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption of any such Definitive Note, such unmatured Coupons (whether or not attached) being Coupons representing an amount in excess of the relevant redemption amount shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (i) in respect of such Coupons as have not so become void, the amount required by paragraph (i) to be deducted would not be greater than the amount otherwise due for payment. Where the application of the
foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

(6) In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 8A(3) applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 12 below. Each Talon shall, for the purpose of these Terms and Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

(7) Payments of amounts due (whether principal, redemption amount, interest or otherwise) in respect of Notes will be made by (a) transfer to an account in the relevant currency specified by the payee or (b) cheque in the relevant currency drawn on a bank in the Relevant Financial Centre provided, however, that in the case of (a), payment shall not be made to an account within the United States unless permitted by applicable U.S. tax law requirements.

(c) “TARGET System” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) System, or any successor thereto.

(2) Payments will, without prejudice to the provisions of Condition 9, be subject in all cases to: (i) any applicable fiscal or other laws and regulations; and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations
thereof or any law implementing an intergovernmental approach with respect thereto (“FATCA”).

(C) **Redenomination**

(1) Unless disapplied in the relevant Final Terms, the Issuer may, without the consent of the Noteholders and the Couponholders, on giving prior notice to the Trustee, the Principal Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days’ prior notice to the Noteholders in accordance with Condition 14, elect that, in the case of Notes denominated in the currency of a member state of the European Union that has not adopted the single currency in accordance with the Treaty, with effect from the Redenomination Date specified in the notice, Notes denominated in the currency of such member state of the European Union that adopts the single currency in accordance with the Treaty shall be redenominated in euro.

(2) The election will have effect as follows:

(a) each Specified Denomination and, in the case of Fixed Rate Notes, each amount of interest specified in the Coupons will be deemed to be such amount of euro as is equivalent to its denomination or the amount of interest so specified in the Specified Currency at the Established Rate, rounded down to the nearest €0.01 (any fraction arising therefrom shall be paid on the Redenomination Date to the Noteholder in addition to the payment of interest otherwise payable on such Redenomination Date);

(b) if definitive notes are required to be issued after the Redenomination Date they shall be issued at the expense of the Issuer in denominations of at least €100,000, or such higher denominations as the Agent shall determine and notify to the Noteholders;

(c) after the Redenomination Date, all payments in respect of the Notes and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;

(d) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date it will be calculated:

(A) in the case of the Notes in global form, by applying the Rate of Interest to the principal amount of such Notes; and

(B) in the case of Notes in definitive form, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, which, in this case, shall be Actual/Actual (ICMA) and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention. Where the Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Denomination without any further rounding;
(e) if the Notes are Floating Rate Notes the relevant Final Terms will specify any relevant changes to the provisions relating to interest; and

(f) such other changes shall be made to these Terms and Conditions as the Issuer may decide, after consultation with the Principal Paying Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro to the satisfaction of the Trustee.

(3) For the purposes of these Terms and Conditions:

(d) “Specified Currency” means the currency specified in the relevant Final Terms;

(e) “Specified Denomination” means the denomination (of the relevant Notes in the Specified Currency) specified in the relevant Final Terms; and

(E) The Paying Agents

(1) The Issuer and the Guarantor(s) together reserve the right, in accordance with the provisions of the Paying Agency Agreement, to vary or terminate the appointment of any Paying Agent (including the Principal Paying Agent) and to appoint additional or other Paying Agents provided that they will at all times maintain (i) a Principal Paying Agent, (ii) so long as any Notes are listed on any stock exchange, a Paying Agent in such place as may be required by such relevant stock exchange and (iii) in the circumstances described in Condition 8A(3), a Paying Agent with a specified office in New York City. The Paying Agents reserve the right at any time to change their respective offices to some other specified office in the same city. Notice of all changes in the identities or specified offices of the Paying Agents will be notified promptly by the Issuer to the Holders of the Notes in accordance with Condition 14.
The Paying Agents act solely as agents of the Issuer and the Guarantor(s) or, following the occurrence of a Default (as defined in Condition 10), the Trustee and, save as provided in the Paying Agency Agreement, do not assume any obligations towards or relationship of agency or trust for any Holder of any Note or Coupon and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon them in the Paying Agency Agreement or incidental thereto.

The initial Paying Agents and their respective initial specified offices are specified below.

9 Taxation

All payments of principal of, and interest on, Notes by the Issuer or, as the case may be, a Guarantor will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of The Netherlands (in the case of payment by UFN), the United Kingdom (in the case of payment by PLC) or the United States (in the case of payment by UNUS) or (in any such case) any political subdivision or taxing authority thereof or therein, unless such withholding or deduction is required by law. In such event, except to the extent that the withholding or deduction is made in respect of FATCA, the Issuer or, as the case may be, such Guarantor, will pay such additional amounts (“Additional Amounts”) as shall be necessary in order that the net amounts received by the holder of any Note or, as the case may be, Coupon, after such withholding or deduction, shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes or, as the case may be, Coupons in the absence of such withholding or deduction, provided however that no such Additional Amounts shall be payable:

(A) by UFN or PLC (as the case may be) with respect to:

(i) any Note or Coupon presented for payment by, or on behalf of, a Holder who is liable to such taxes or duties in respect of such Note or Coupon by reason of his having some connection with The Netherlands or, as the case may be, the United Kingdom other than the mere holding of such Note or Coupon; or

(iii) if presentment is required, any Note or Coupon presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on such thirtieth day; or

(iv) any tax, assessment or other governmental charge required to be withheld or deducted by any Paying Agent from any payment by UFN or, as the case may be, PLC if such payment can be made without such withholding or deduction by any other Paying Agent; or

(v) any estate, inheritance, gift, sales, transfer, excise, personal property or any similar tax, assessment or other governmental charge; or

(vi) any tax, assessment or other governmental charge which is payable otherwise than by withholding from payment of principal, premium, if any, or interest, if any, with respect to such Note or Coupon; or
(vii) any payment in respect of a Note or Coupon to any Holder who is not the sole beneficial owner of such Note or Coupon to the extent that a beneficial owner thereof would not have been entitled to payment thereof had such beneficial owner been the Holder of such Note or Coupon; or

(viii) any withholding or deduction which is required to be made pursuant to the Dutch Withholding Tax Act 2021 (Wet bronbelasting 2021); or

(ix) any combination of (i) to (viii); or

(B) by UNUS with respect to:

(i) any Note or Coupon presented for payment by, or on behalf of, a Holder who is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with the United States other than the mere holding of such Note or Coupon; or

(ii) any payment in respect of a Note or Coupon where the Holder thereof would be able to avoid such withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or

(iii) if presentment is required, any Note or Coupon presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on such thirtieth day; or

(iv) any tax, assessment or other governmental charge required to be withheld or deducted by any Paying Agent from any payment by UNUS in its capacity as Guarantor if such payment can be made without such withholding or deduction by any other Paying Agent; or

(vi) any tax, assessment or other governmental charge which is payable otherwise than by withholding from payment of principal, premium, if any, or interest, if any, with respect to such Note or Coupon; or

(vii) any payment in respect of a Note or Coupon to any Holder who is not the sole beneficial owner of such Note or Coupon to the extent that a beneficial owner thereof would not have been entitled to payment thereof had such beneficial owner been the Holder of such Note or Coupon; or

(viii) any combination of (i) to (vii).

As used herein, “Relevant Date” means whichever is the later of (i) the date on which such payment first becomes due and (ii) if the full amount of the moneys payable has not been made available to the Principal Paying Agent on or prior to such date, the date on which, the full amount of such moneys having been made available, notice to that effect shall have been given to the Noteholders in accordance with Condition 14.

References herein to principal of, or interest on, the Notes shall be deemed also to refer to any Additional Amounts which may be payable with respect thereto under this Condition or any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

(c) (i) any other indebtedness in respect of borrowed money (amounting in aggregate principal amount to not less than U.S.$100,000,000 or the equivalent thereof in any other currency or currencies) of either (in the case of UFN Notes) UFN or PLC or (in the case of PLC Notes) PLC becomes prematurely repayable as a result of a default under the terms thereof, or (ii) (in the case of UFN Notes) either UFN or PLC or (in the case of PLC Notes) PLC, defaults in the repayment of any indebtedness in respect of borrowed money (amounting in aggregate principal amount to not less than U.S.$100,000,000 or the equivalent thereof in any other currency or currencies) at the maturity thereof (taking into account any applicable grace period therefor), or (iii) any guarantee or indemnity given by (in the case of UFN Notes) either UFN or PLC or (in the case of PLC Notes) PLC, in respect of any indebtedness in respect of borrowed money (amounting in aggregate principal amount to not less than U.S.$100,000,000 or the equivalent thereof in any other currency or currencies) shall not be honoured when due and called upon (taking into account any applicable grace period therefor) save where the Trustee is satisfied that liability under such guarantee or indemnity is being contested in good faith; or

(d) an order is made or a decree or an effective resolution is passed for the winding-up, liquidation or dissolution of (in the case of UFN Notes) UFN or PLC or (in the case of PLC Notes) PLC or (in any case) an administration order is made or an administrator is appointed in relation to PLC (except for the purpose of a merger, reconstruction or amalgamation, under the terms of Condition 15 or the terms of which have previously been approved in writing by the Trustee) and (except where such order, decree or resolution is initiated or consented to by the relevant company or its shareholders) such order, decree or resolution is not discharged or stayed within a period of 60 days; or

(f) an administrative receiver or other receiver, trustee, assignee or like officer is appointed in respect of the whole or a substantial part of the undertaking or assets of PLC or (in the case of UFN Notes only) an administrator (bewindvoerder) is provisionally or definitively appointed by the District Court in the event of a moratorium (surséance van betaling) over the whole or any part of the undertaking or assets of UFN and (except where any such appointment is made by or
at the instigation or motion of the relevant company or its shareholders) such appointment is not
discharged within 30 days; or

(g) (in the case of UFN Notes only) a trustee in bankruptcy (curateur) is appointed by the District
Court in the event of bankruptcy (faillissement) affecting the whole or any part of the
undertaking or assets of UFN and such appointment is not discharged within 30 days; or

(h) a distress or execution is levied or enforced upon or sued out against (in the case of the UFN

any substantial part of the undertaking or assets of PLC and is not discharged within 30 days; or

(i) (in the case of UFN Notes only) for any reason the guarantee of PLC in respect of the UFN
Notes ceases to be in full force and effect.

For the purposes of paragraphs (f) and (h) the expression “a substantial part” means a part whose value
is equal to or greater than 25 per cent. of the aggregate value of the fixed assets and current assets of
the Unilever Group, such value and such assets being determined by reference to the then most
recently published audited consolidated balance sheet of the Unilever Group. A report by the auditors
of PLC that, in their opinion, (i) the amounts shown in a certificate provided by PLC (showing the

as a percentage of the fixed assets and current assets of the Unilever Group) have been correctly
extracted from the accounting records of the Unilever Group and (ii) the percentage of the fixed assets
and current assets of that part to the fixed assets and the current assets of the Unilever Group has been
correctly calculated, shall, in the absence of manifest error, be conclusive evidence of the matters to
which it relates.

(B) If any Default shall occur in relation to the Notes of a Series, the Trustee in its discretion may, and
(subject to its rights under the Trust Deed to be indemnified and/or secured and/or prefunded to its
satisfaction), if so directed by an Extraordinary Resolution of the Holders of the Notes of the relevant
Series or if so requested in writing by the Holders of not less than 25 per cent. in principal amount
of the Notes of the relevant Series, shall, but, in the case of the happening of any of the events referred to
in paragraphs (b), (c), (e), (f), (g) or (h) of Condition 10A, only if the Trustee shall have certified to the
Issuer and the Guarantor(s) that such event is, in its opinion, materially prejudicial to the interests of
the Holders of the Notes of the relevant Series, by written notice to the Issuer and the Guarantor(s)
declare that such Notes are immediately repayable whereupon the same shall become immediately
repayable at their default early redemption amount (which shall be their principal amount or such other
default early redemption amount as may be specified in the relevant Final Terms) together with all
interest (if any) accrued thereon (calculated as provided in these Terms and Conditions and in the Trust
Deed).

11 Enforcement

At any time after the Notes of a Series shall have become repayable, the Trustee may, at its discretion and
without further notice, institute such proceedings against the Issuer and the Guarantor(s) as it may think fit to
enforce repayment of such Notes together with accrued interest and to enforce the provisions of the Trust
Deed, but it shall not be bound to take any such proceedings unless (i) it shall have been so directed by an
Extraordinary Resolution or so requested in writing by the holders of at least 25 per cent. in principal amount
of the Notes of the relevant Series then outstanding and (ii) it shall have been indemnified and/or prefunded and/or received security to its satisfaction. Only the Trustee may enforce the provisions of the Notes or the Trust Deed and no Holder or Couponholder shall be entitled to proceed directly against the Issuer or the Guarantor(s) unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

12 Prescription

(a) Claims against the Issuer and/or any Guarantor(s) in respect of Notes and Coupons will become void unless presented for payment within a period of 10 years, in the case of Notes and five years, in the case of Coupons, from the Relevant Date (as defined in Condition 9) relating thereto.

(b) In relation to Definitive Notes initially delivered with Talons attached thereto, there shall not be included in any Coupon sheet issued upon exchange of a Talon pursuant to Condition 8A(6) any Coupon which would be void upon issue or the due date for payment of which would fall after the due date for the redemption of the relevant Note or which would be void pursuant to this Condition 12.

13 Replacement of Notes and Coupons

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of all expenses incurred in connection with such replacement and upon such terms as to evidence, security, indemnity and otherwise as the Issuer or the Principal Paying Agent may require. Mutilated or defaced Notes and Coupons must be surrendered before replacements will be delivered.

14 Notices

Notices to Holders of Notes will be deemed to be validly given if published in one leading English language daily newspaper with circulation in London (which is expected to be the Financial Times) or, if this is not possible, in one other leading English language daily newspaper with circulation in Europe or, in the case of a Temporary Global Note or Permanent Global Note, if delivered to Euroclear and/or Clearstream, Luxembourg and/or any other applicable clearing system for communication by them to the persons shown in their respective records as having interests therein provided that the requirements of the relevant stock exchange(s) have been complied with. Any such notice shall be deemed to have been given on the date of such publication or, if so published more than once, on the date of first publication or, as the case may be, on the fourth day after the date of such delivery to Euroclear and/or Clearstream, Luxembourg and/or such other clearing system. If publication is not practicable in any such newspaper, notice will be validly given if made in such other manner, and shall be deemed to have been given on such date, as the Trustee may in each case approve in writing.

Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Notes in accordance with this Condition.

15 Meetings of Noteholders; Modification; Waiver; Substitution

The Trust Deed contains provisions for convening meetings of Holders (including meetings held by virtual means via an electronic platform) of any Series of Notes to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Terms and Conditions or the provisions of the Trust Deed. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a clear majority in principal amount of the Notes of that Series for the time being outstanding or, at any adjourned meeting, two or more persons being or representing Noteholders
whatever the principal amount of the Notes of that Series so held or represented, except that, at any meeting
the business of which includes the modification of certain of these Terms and Conditions or provisions of the
Trust Deed, the necessary quorum for passing an Extraordinary Resolution will be two or more persons
holding or representing not less than 66 per cent., or at any adjourned such meeting not less than 33 per cent.,
of the principal amount of the Notes of that Series for the time being outstanding. An Extraordinary
Resolution passed at any meeting of Noteholders of any Series of Notes will be binding on all Noteholders of
that Series, whether or not they are present at the meeting, and on all Couponholders of that Series.

The Trust Deed contains provisions for the convening of a single meeting of Holders of Notes of more than
one Series where the Trustee so decides.

The Trustee may agree, without the consent of the Noteholders or Couponholders of any Series, to any
modification (subject to certain exceptions) of, or to the waiver or authorisation of any breach or proposed
breach of, any of these Terms and Conditions or any of the provisions of the Trust Deed which, in the opinion
of the Trustee, is not materially prejudicial to the interests of the Holders of such Notes or to any modification
which is of a formal, minor or technical nature or is made to correct a manifest error. The Trustee may also
determine that any event which would or might otherwise constitute a Default under Condition 10 shall not do
so, provided that, in the opinion of the Trustee, such event is not materially prejudicial to the interests of the
Holders of the Notes of the relevant Series. In addition, the Trustee shall be obliged to concur with the Issuer
in effecting any Benchmark Amendment in the circumstances and as otherwise set out in Condition 6H
without the consent of the Noteholders or Couponholders. Any such modification, waiver, authorisation or
determination shall be binding on the Holders of the Notes of such Series and of the Coupons (if any) relating
thereto and (unless the Trustee agrees otherwise) any such modification shall be notified to the Noteholders as
soon as practicable thereafter in accordance with Condition 14.

The Trustee may also agree, subject to certain conditions set out in the Trust Deed, but without the consent of
the Holders of the Notes of such Series and of the Coupons (if any) relating thereto, (i) to the substitution of
any Group Company in place of the Issuer as principal debtor in respect of the Notes of any Series or (ii) to
the substitution in place of the Issuer as principal debtor, or of any Guarantor, of any successor in business (as
defined in the Trust Deed) of the Issuer or, as the case may be, that Guarantor. It is a condition of any such
substitution in accordance with (i) above that such Notes and Coupons (if any) relating thereto become or remain, as the case may be, unconditionally and irrevocably guaranteed on a joint and several basis
by PLC (except where PLC is the new principal debtor) and UNUS.

So long as any Notes remain outstanding (as defined in the Trust Deed), neither UFN nor PLC will merge
with, or transfer all or substantially all of its assets or undertaking to, another company (except where UFN or
PLC, as the case may be, is the continuing company) unless that other company agrees, in form and manner
reasonably satisfactory to the Trustee, to be bound by the terms of the Notes and the Coupons (if any)
appertaining thereto and the Trust Deed in place of UFN or PLC and the Trustee is satisfied that the
conditions set out in the Trust Deed are complied with.

In considering the interests of the Noteholders for the purposes of any substitution, merger or transfer as
aforesaid the Trustee shall not have regard to the consequences for individual Noteholders resulting from their
being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of,
any particular territory or any political subdivision thereof.

16 Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from
responsibility, including provisions relieving it from taking proceedings to enforce repayment unless
indemnified to its satisfaction. The Trustee is entitled to enter into business transactions with PLC, UFN,
UNUS and/or any Group Company without accounting to any Noteholders or Couponholders for any profit resulting therefrom.

17 Further Issues and Additional Issuers

(A) The Issuer may, from time to time, without the consent of the Holders of any Notes or Coupons of any Series, create and issue further notes, bonds or debentures having the same terms and conditions as the Notes of an existing Series in all respects (or, in all respects except for the first payment of interest, if any, on them and/or the denomination thereof) so as to form a single series with the Notes of the existing Series.

(B) Subject as provided in the Trust Deed, PLC may designate any Group Company to become an Issuer of Notes under the Trust Deed. As provided in the Trust Deed, any such Group Company which is to become an Issuer of any Series of Notes shall become such under the terms of a supplemental deed in or substantially in the form scheduled to the Trust Deed (or in such other form as may be approved by the Trustee in writing) (which shall take effect in accordance with its terms) whereby such Group Company agrees to be bound as an Issuer under the Trust Deed and the Paying Agency Agreement, all as more fully provided in the Trust Deed.

18 Governing Law

The Trust Deed, the Paying Agency Agreement, the Notes and the Coupons, and any non-contractual obligations arising out of or in connection with them, are governed by, and will be construed in accordance with, English law.

19 Jurisdiction

UFN and UNUS have, in the Trust Deed, submitted to the jurisdiction of the English courts for all purposes in connection with the Trust Deed, the Notes and the Coupons.

PLC complies with all UK Corporate Governance Code provisions.

Requirements – The United States

The Unilever Group is substantially compliant with the Listing Standards of the NYSE applicable to foreign private issuers, except as set out below.

The Unilever Group is required to disclose any significant ways in which its corporate governance practices differ from those typically followed by U.S. companies listed on the NYSE. Our corporate governance practices are primarily based on the requirements of the UK Listing Rules and the UK Code but substantially conform to those required of U.S. companies listed on the NYSE.

The only significant way in which the Unilever Group’s corporate governance practices differ from those followed by domestic companies under Section 303A Corporate Governance Standards of the NYSE is that the NYSE rules require that shareholders must be given the opportunity to vote on all equity-compensation plans and material revisions thereto, with certain limited exemptions. The UK Listing Rules require shareholder approval of equity-compensation plans only if new or treasury shares are issued for the purpose of satisfying obligations under the plan or if the plan is a long-term incentive plan in which a director may participate. Amendments to plans approved by shareholders generally only requires approval if they are to the advantage of the plan participants.

All senior executives and senior financial officers have declared their understanding of and compliance with Unilever’s Code of Business Principles and the related Code Policies. No waiver from any provision of the Code of Business Principles or Code Policies was granted in 2020 to any of the persons falling within the scope of the SEC requirements. **Taxes on income and capital gains**
A Noteholder will not be subject to any Dutch Taxes on any payment made to the Noteholder under the Notes or on any capital gain realised by the Noteholder from the disposal, or deemed disposal, or redemption of, the Notes, except if:
(iii) the Noteholder is an individual and receives or has received any benefits from the Notes as employment income, deemed employment income or otherwise as compensation;

(iv) the Noteholder is, or is deemed to be, resident in The Netherlands for Dutch (corporate) income tax purposes;

(v) the Noteholder derives profits from an enterprise, whether as entrepreneur *(ondernemer)* or pursuant to a co-entitlement to the net worth of the enterprise other than as an entrepreneur or a shareholder, which enterprise is, in whole or in part, carried on through a permanent establishment *(vaste inrichting)* or a permanent representative *(vaste vertegenwoordiger)* in The Netherlands or, subject to other conditions, Bonaire, Saint Eustatius or Saba, to which the Notes are attributable;

(vi) the Noteholder is an individual and has a substantial interest *(aanmerkelijk belang)*, or a fictitious substantial interest *(fictief aanmerkelijk belang)*, in the Issuer that issued the Notes held by the Noteholder or derives benefits from miscellaneous activities *(overige werkzaamheden)* carried out in The Netherlands in respect of the Notes, including (without limitation) activities which are beyond the scope of active portfolio investment activities;

(vii) the Noteholder is not an individual and has a substantial interest, or a fictitious substantial interest, in the Issuer that issued the Notes held by the Noteholder, and (one of) the main purposes of the chosen ownership structure is the evasion of Dutch income tax or dividend withholding tax, and there is an arrangement or a series of arrangements that are not genuine;

(viii) the Noteholder is not an individual and is entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, other than by way of the holding of securities, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable; or

(ix) the Noteholder is an individual and is entitled to a share in the profits of an enterprise, other than by way of securities, which is effectively managed in The Netherlands and to which enterprise the Notes are attributable.

Generally, a Noteholder has a substantial interest if such Noteholder, alone or together with his partner, directly or indirectly:

(i) owns, or holds certain rights on, shares representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer;

(ii) holds rights to, directly or indirectly; acquire shares, whether or not already issued, representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer;

(iii) owns, or holds certain rights on, profit participating certificates that relate to five percent or more of the annual profit of the Issuer or to five percent or more of the liquidation proceeds of the Issuer.

A Noteholder who has the ownership of shares of the Issuer, will also have a substantial interest if his partner or one of certain relatives of the Noteholder or of his partner has a (fictitious) substantial interest.

For Dutch tax purposes, the ownership of shares of the Issuer is attributed to a Noteholder based either on that Noteholder owning a beneficial interest in shares of the Issuer or based on specific statutory provisions, including statutory provisions pursuant to which shares are attributed to an individual who is, or who has
directly or indirectly inherited from a person who was, the settlor, grantor or similar originator of a trust, foundation or similar entity that holds the shares of the Issuer, although the Noteholder does not have the legal title of such shares.

Generally, a Noteholder has a fictitious substantial interest if, without having an actual substantial interest in the Issuer:

(i) an enterprise has been contributed to the Issuer in exchange for shares on an elective non-recognition basis;
(ii) the shares have been obtained under gift law, inheritance law or matrimonial law, on a non-recognition basis, while the disposing shareholder had a substantial interest in the Issuer;
(iii) the shares have been acquired pursuant to a share merger, legal merger or legal demerger, on an elective non-recognition basis, while the Noteholder prior to this transaction had a substantial interest in a party to that transaction; or
(iv) the shares held by the Noteholder, prior to dilution, qualified as a substantial interest and, by election, no gain was recognised upon disqualification of these shares.

Gift tax or inheritance tax
No Dutch gift tax or inheritance tax is due in respect of any gift of the Notes by, or inheritance of the Notes on the death of, a Noteholder, except if:

(i) at the time of the gift or death of the Noteholder, the Noteholder is a resident, or is deemed to be resident, in The Netherlands;
(ii) the Noteholder passes away within 180 days after the date of the gift of the Notes and is not, or not deemed to be, at the time of the gift, but is, or deemed to be, at the time of his death, resident in The Netherlands; or
(iii) the gift of the Notes is made under a condition precedent and the Noteholder is resident, or deemed to be resident, in The Netherlands at the time the condition is fulfilled.

For purposes of Dutch gift or inheritance tax, an individual who is of Dutch nationality will be deemed to be resident in The Netherlands if he has been a resident in The Netherlands at any time during the ten years preceding the date of the gift or his death. For purposes of Dutch gift tax, any individual, irrespective of his nationality, will be deemed to be resident in The Netherlands if he has been a resident in The Netherlands at any time during the 12 months preceding the date of the gift.

Other taxes
No other Dutch Taxes, including turnover tax and taxes of a documentary nature, such as capital tax, stamp or registration tax or duty are payable by or on behalf of a Noteholder or the Issuer by reason only of the issue, acquisition or transfer of the Notes.

Residency
Subject to the exceptions above, a Noteholder will not become resident, or a deemed resident, in The Netherlands for tax purposes, or become subject to Dutch Taxes, by reason only of the Issuer’s performance, or the Noteholder’s acquisition (by way of issue or transfer to it), holding and/or disposal of the Notes.

United Kingdom Taxation
The following is a summary of the United Kingdom withholding tax treatment at the date hereof in relation to payments in respect of PLC Notes. The comments do not deal with other United Kingdom tax aspects of
acquiring, holding or disposing of the PLC Notes. The following summary does not deal with situations where the interest on any PLC Note is deemed to be the income of a person other than the holder of the PLC Note for United Kingdom tax purposes and relates only to the position of persons who are the absolute beneficial owners of the PLC Notes. The summary assumes that there will be no substitution or addition of any Issuer or Guarantor pursuant to the Conditions or otherwise and does not consider the tax consequences of such substitution or addition. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Persons who are unsure of their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom in respect of their acquisition, holding or disposal of the PLC Notes are strongly advised to consult their own professional advisers since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the PLC Notes. In particular, holders of PLC Notes should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the PLC Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom. Prospective holders of PLC Notes should be aware that the particular terms of issue of any series of PLC Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of PLC Notes. Mention is also made in paragraphs 4 and 5 below of the United Kingdom withholding tax treatment at the date hereof in relation to payments made by PLC in its capacity as Guarantor of the Notes issued by UFN and in relation to payments made by UNUS in its capacity as Guarantor of PLC’s obligations under the PLC Notes.

The comments in this part are based on current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs practice (which may not be binding on HM Revenue & Customs), in each case at the date hereof.

Withholding of tax – PLC Notes

(1) Listed interest-bearing PLC Notes will constitute “quoted Eurobonds” within the meaning of Section 987 of the Income Tax Act 2007 (“ITA”) provided they are and continue to be listed on a recognised stock exchange within the meaning of Section 1005 of ITA (for the purposes of section 987 of ITA) or admitted to trading on a "multilateral trading facility" operated by a regulated recognised stock exchange (within the meaning of Sections 987 and 1005 of the ITA. Securities are treated as “listed on a recognised stock exchange” for this purpose if (and only if) they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HM Revenue and Customs and either they are included in the United Kingdom Official List (within the meaning of Part 6 of the Financial Services and Markets Act 2000, as amended (“FSMA”)) or they are officially listed, in accordance with provisions corresponding to those generally applicable in EEA states, in a country outside the United Kingdom in which there is a recognised stock exchange. While the PLC Notes are and continue to be quoted Eurobonds, payments of interest by the Issuer on the PLC Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

Euronext Amsterdam is a recognised stock exchange for these purposes. The PLC Notes will be treated as listed on Euronext Amsterdam if they are both admitted to trading on the Euronext Amsterdam Cash Market or the Euronext Amsterdam Derivatives Market on that Exchange and are officially listed in The Netherlands in accordance with provisions corresponding to those generally applicable in countries in the EEA.

The Hong Kong Stock Exchange is a recognised stock exchange for these purposes. The PLC Notes will be treated as listed on the Hong Kong Stock Exchange if they are both admitted to trading on the
Main Board on that Exchange and are officially listed in Hong Kong in accordance with provisions corresponding to those generally applicable in countries in the EEA.

The Singapore Exchange Limited is a recognised stock exchange for these purposes. The PLC Notes will be treated as listed on the Singapore Exchange Limited if they are both admitted to trading on the Main Board or Bond Market of Singapore Exchange Securities Trading Limited on that Exchange and are officially listed in Singapore in accordance with provisions corresponding to those generally applicable in countries in the EEA.

Payments of interest on PLC Notes with a maturity of less than one year and which are not issued with the intention or under arrangements the effect of which is that such PLC Notes form part of a borrowing with a total term of a year or more may be made without withholding or deduction for or on account of United Kingdom income tax.

In all other cases, subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply, interest on PLC Notes will generally fall to be paid under deduction on account of United Kingdom income tax at the basic rate (currently 20 per cent.).

(2) Where the PLC Notes are issued at an issue price of less than 100 per cent. of their principal amount any payments in respect of the accrued discount will not generally be made subject to any withholding or deduction on account of United Kingdom income tax as long as they do not constitute payments in respect of interest.

(3) Where the PLC Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and, if so, any such payment of interest may (subject to paragraph 1 above) be subject to United Kingdom withholding tax at the basic rate of income tax (currently 20 per cent.).

(4) If UNUS, in its capacity as Guarantor of PLC’s obligations under the PLC Notes, makes any payments in respect of interest on the PLC Notes (or other amounts due under the PLC Notes other than payments in respect of principal), such payments may be subject to United Kingdom withholding tax which will be at the basic rate (currently 20 per cent.) subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply. Such payments by UNUS may not be eligible for the exemptions described in paragraph 1 above.

**Withholding of tax – Guarantor Payments by PLC**

(5) If PLC, in its capacity as Guarantor of UFN’s obligations under the UFN Notes, makes any payments in respect of interest on the UFN Notes (or other amounts due under such Notes other than payments in respect of principal) such payments may be subject to United Kingdom withholding tax at the basic rate (currently 20 per cent.) subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply. Such payments by PLC may not be eligible for the exemptions described in paragraph 1 above.

**Other matters**

(6) Where interest has been paid under deduction of United Kingdom income tax, holders of Notes who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

(7) The references to “interest” in this United Kingdom taxation section mean “interest” as understood in United Kingdom tax law. The statements do not take any account of any different definitions of “interest” or “principal” which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Holders of Notes should seek their own
professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute “interest” or “principal” as these terms are understood in United Kingdom tax law.

United States Taxation – Withholding of Tax on Guarantor Payments

The following is a summary of United States federal withholding tax treatment at the date hereof in relation to payments in respect of the Notes guaranteed by UNUS. The following pertains solely to United States federal withholding tax and does not address tax consequences arising out of the laws of any other jurisdiction.

Based upon the U.S. Internal Revenue Code of 1986, as amended (the “Code”), and applicable U.S. Treasury regulations, payments made by UNUS, in its capacity as Guarantor, generally will not be subject to U.S. federal withholding tax. The U.S. federal withholding tax rules are subject to change, possibly on a retroactive basis, and any such change could affect the validity of the above statement. This summary pertains solely to U.S. federal withholding tax and does not describe any tax consequence arising out of the laws of any state, local or foreign jurisdiction or any other U.S. federal tax consequences.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), commonly known as FATCA, a foreign financial institution may be required to withhold certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including the United Kingdom and The Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, proposed regulations have been issued that provide that such withholding would not apply to foreign passthru payments prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. In the preamble to the proposed regulations, the U.S. Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of final regulations. Additionally, the Notes that are characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of an Issuer). However, if additional notes (as described under “Terms and Conditions of the Notes—Further Issues and Additional Issuers”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding or deduction would be required pursuant to FATCA or an IGA with respect to payments on the Notes, none of the Issuers, the Guarantors, any paying agent or any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the withholding or deduction.
SUBSCRIPTION AND SALE

Subject to all legal and regulatory requirements, Notes may be sold from time to time by an Issuer to any one or more of Banco Santander, S.A., BNP Paribas, BoFA Securities Europe SA, Citigroup Global Markets Europe AG, Deutsche Bank AG, London Branch, Goldman Sachs Bank Europe SE, HSBC Bank plc, HSBC Continental Europe, J.P. Morgan Securities plc, J.P. Morgan AG, Merrill Lynch International, Mizuho International plc, Mizuho Securities Europe GmbH, Morgan Stanley & Co. International plc, Morgan Stanley Europe SE, NatWest Markets Plc, Standard Chartered Bank, UBS AG and UBS AG London Branch (for the purposes of this section “Subscription and Sale”, the “Dealers”) or to any other person. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers and any other person are set out in a dealer agreement dated 22 July 1994, as most recently supplemented on 11 May 2021 (the “Dealer Agreement”) and made between the Issuers, the Guarantors, the Arranger (named therein) and the Dealers as such agreement may be amended or supplemented from time to time. Any such agreement will, inter alia, make provision for the form and commercial terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. Such agreement may also be on a fully underwritten basis. The Dealer Agreement makes provision for the resignation or removal of existing Dealers and the appointment of additional or other Dealers from time to time by UFN and PLC either generally for the Programme or in relation to a particular issue of Notes (including as a manager in relation to a particular underwritten issue of Notes). Such dealers may include institutions in jurisdictions in which a local Dealer is required for compliance with applicable legal or regulatory requirements for Notes denominated or payable in, or linked to, the currency of that jurisdiction. The Dealers have represented and agreed as set out below. Each further dealer under the Programme and each manager in relation to Notes issued on an underwritten basis will be required to represent and agree in similar terms, save as otherwise agreed with the relevant Issuer in relation to the particular issue of Notes.

The United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act and all applicable state securities laws. Each Dealer has represented and agreed that it has not offered, sold or delivered Notes and will not offer, sell or deliver Notes: (i) as part of the distribution of Notes at any time, or (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part in the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 of Regulation S under the Securities Act, or pursuant to an available exemption from the registration requirements of the Securities Act. Accordingly, each Dealer has also represented and agreed that it, its affiliates and any persons acting on its or any of its affiliates’ behalf have not engaged and will not engage in any directed selling efforts with respect to the Notes, and it, its affiliates and any persons acting on its or any of its affiliates’ behalf have complied and will comply with the offering restrictions requirements of Regulation S. Each Dealer has agreed that, at or prior to confirmation of sale of the Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration in respect of the Notes offered or sold, that purchases Notes from such Dealer prior to the expiration of the 40 day distribution compliance period a confirmation or notice to substantially the following effect:

“The Notes covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”), and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (i) as part of the distribution of Notes at any time, or (ii) otherwise
until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meaning given to them by Regulation S.”

In addition, until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, an offer or sale of Notes in the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an exemption under the Securities Act.

Terms in the preceding three paragraphs have the meanings given to them by Regulation S.

The Notes have not been and will not be registered with, recommended by or approved by the U.S. Securities and Exchange Commission (the “SEC”) or any other federal or state securities commission or regulatory authority, nor has the SEC or any such state securities commission or authority passed upon the accuracy or the adequacy of this Information Memorandum. Any representation to the contrary is a criminal offense.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered in the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Accordingly, each Dealer has represented and agreed that:

(1) except to the extent permitted under U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code (“TEFRA D”)), (a) it has not offered or sold, and during the restricted period will not offer or sell, Notes to a person who is in the United States or its possessions or to a United States person, and (b) it has not delivered and will not deliver in the United States or its possessions definitive Notes that are sold during the restricted period;

(2) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is in the United States or its possessions or to a United States person, except as permitted by TEFRA D;

(3) if it is a United States person, it is acquiring Notes for purposes of resale in connection with their original issuance and if it retains the Notes for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(6) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code);

(4) with respect to each affiliate that acquires from it Notes for the purpose of offering or selling such Notes during the restricted period, the Dealer repeats and confirms the representations and agreements contained in clauses (1), (2) and (3) on each such affiliate’s behalf; and

(5) it has not and will not enter into any written contract (other than a confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Dealer) has offered or sold, or during the restricted period will offer or sell, any Notes, except where pursuant to the contract the Dealer has obtained or will obtain from that party, for the benefit of the Issuer and the several Dealers, the representations contained in, and that party’s agreement to comply with, the provisions of clauses (1), (2), (3) and (4).

Terms used in this paragraph have the meanings given to them by the Code and U.S. Treasury regulations promulgated thereunder, including TEFRA D.

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer or relevant Guarantor; and

However, no such intermediary services are required in respect of (i) the initial issue of those Notes to the first holders thereof, (ii) any transfer and acceptance by individuals who do not act in the conduct of a profession or trade, and (iii) the transfer or acceptance of those Notes, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

Each Dealer has represented and agreed, and each further Dealer under the Programme will be required to represent and agree, that:

(a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes other than (a) to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”) and any rules made under the SFO; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the “C(WU&MPO)”) or which do not constitute an offer to the public within the meaning of the C(WU&MPO); and
it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the SFO and any rules made under the SFO.

General
Save for having obtained the approval by the AFM of this Information Memorandum as a base prospectus issued in compliance with the Prospectus Regulation, no action has been or will be taken in any jurisdiction by the Issuers, the Guarantor(s) or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Information Memorandum comes are required by the Issuers, the Guarantor(s) and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material and to obtain any consent, approval or permission required by them for the purchase, offer, sale or delivery by them of any Notes under the law and regulations in force in any jurisdiction to which they are subject or in which they make such purchases, offers, sales or deliveries, in all cases at their own expense, and neither the Issuers, the Guarantor(s) nor any Dealer shall have responsibility therefor. In accordance with the above, any Notes purchased by any person which it wishes to offer for sale or resale may not be offered in any jurisdiction in circumstances which would result in any of the Issuers or the Guarantor(s) being obliged to register any further prospectus or corresponding document relating to the Notes in such jurisdiction.

5. The establishment of the Programme was authorised by resolutions of the Board of Directors of Unilever N.V. passed on 19 July 1994 and by resolutions of the Special Committee of the Board of Directors of PLC passed on 19 July 1994. The update of the Programme, including the increase in the Programme amount from U.S.$15,000,000,000 to U.S.$25,000,000,000, was authorised by written resolutions of the Chief Financial Officer of PLC passed on 27 April 2021, the Action by the Board of Directors by Consent in Lieu of a Meeting of UNUS dated 27 April 2021, the Shareholder’s resolution of UFN dated 28 April 2021 and the written resolution of the Managing Board of UFN dated 28 April 2021.

6. Legal Proceedings

During 2004, and in common with many other businesses operating in Brazil, one of the Group’s Brazilian subsidiaries received a notice of infringement from the Federal Revenue Service in respect of indirect taxes. The notice alleges that a 2001 reorganisation of our local corporate structure was undertaken without valid business purpose. The 2001 reorganisation was comparable with restructurings done by many companies in Brazil. The original dispute was resolved in the courts in the Group’s favour. However, in 2013 a new assessment was raised in respect of a similar matter. Additionally, during the course of 2014 and between 2017 and 2020 other notices of infringement were issued based on the same grounds argued in the previous assessments. The total amount of the tax assessments in respect of this matter is €2,040 million.

The Group believes that the likelihood that the Brazilian tax authorities will ultimately prevail is low, however there can be no guarantee of success in court. In each case we believe our position is strong, so they have not been provided for and are considered to be contingent liabilities. Due to the fiscal environment in Brazil, the possibility of further tax assessments related to the same matters cannot be
ruled out. We expect that two of our largest tax litigation cases, which represent around €863 million of contingent liabilities, will move from the Administrative to the Judicial Courts during 2022, although the exact timing is uncertain. When this happens, we will be required to make a judicial deposit or provide a guarantee in respect of the disputed tax, interest and penalties. The judicial process in Brazil is likely to take a number of years to conclude.

Save for the disclosures above in this paragraph 6, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuers or Guarantors are aware) in the 12 months preceding the date of this document which may have, or have had in the recent past, a significant effect on the financial position or profitability of any Issuer or any Guarantor or the Unilever Group.

7.

KPMG LLP, New York, independent certified public accountants, and independent auditors to UNUS, audited the financial statements of UNUS for the financial years ended 31 December 2019 and 31 December 2020 and reported thereon without qualification.

9. The audited consolidated financial statements of the Unilever Group for the year ended 31 December 2019 comply in all material respects with Part 9 of Book 2 of the Civil Code in the Netherlands and by the UK Companies Act 2006. 10. For the period of 12 months after the date of this Information Memorandum, copies and, where appropriate, English translations of the following documents will be available for inspection at https://www.unilever.com/investor-relations/debt-investors/unilever-european-bond-programme/:

(a) an accurate English translation of the Articles of Association of UFN, the Articles of Association of PLC and the Certificate of Incorporation and By-Laws of UNUS (for the avoidance of doubt, the Dutch version of the Articles of Association of UFN shall prevail in the event of any inconsistency between it and its English translation);

(b) the Trust Deed;

(c) this Information Memorandum, any future information memoranda, offering circulars, prospectuses and supplements to this Information Memorandum and any other documents incorporated herein or therein by reference; and

(d) the Final Terms for each Tranche of Notes.

11. This Information Memorandum has been approved by the AFM, as competent authority under the Prospectus Regulation on 11 May 2021. The AFM only approves this Information Memorandum as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuers, the Guarantors or the quality of the securities that are the subject of this Information Memorandum. Investors should make their own assessment as to the suitability of investing in the Notes. Application has been made to Euronext Amsterdam N.V. for Notes (other than Exempt Notes) issued under the Programme during the period of 12 months from the date of this document to be admitted to trading on Euronext Amsterdam which is a regulated market for the purposes of MiFID II. The Programme also permits Notes to be admitted to listing and trading on the Stock Exchange of Hong Kong and/or the Singapore Exchange.

12. The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and the International Securities Identification Number (“ISIN”) in relation to the Notes of each Series will be identified in the Final Terms relating thereto. The relevant Final Terms shall specify any other clearing system as may from time to time accept the relevant Notes for clearance.

13. In respect of Notes represented by a global Note issued in NGN form, the nominal amount of such Notes shall be the aggregate amount from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg shall be conclusive evidence of the nominal amount of such Notes and a statement issued by Euroclear and/or Clearstream, Luxembourg shall be conclusive evidence of the records of such parties at that time. The NGN form has been introduced to allow for the possibility of debt instruments being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “Eurosystem”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

14. Each of the Issuers has entered or will enter into an agreement with Euroclear and Clearstream, Luxembourg (the “ICSDs”) in respect of any Notes issued in NGN form that the Issuer may request be made eligible for settlement with the ICSDs (each, an “ICSD Direct Agreement”). The ICSD Direct Agreement sets out that the ICSDs will, in respect of any such Notes, inter alia, maintain records of
their respective portion of the issue outstanding amount and will, upon an Issuer’s request, produce a statement for such Issuer’s use showing the total nominal amount of its customer holding for such Notes as of a specified date.

15. The listing and trading of the Programme on Euronext Amsterdam is expected to take effect on or around 11 May 2021. However, Notes may be issued pursuant to the Programme which will be admitted to the Stock Exchange of Hong Kong and/or the Singapore Exchange.

16. Copies of recent press releases and details of recent developments are published on PLC’s website at www.unilever.com. Information contained on the PLC’s website does not form part of this Information Memorandum and may not be relied upon in connection with any decision to invest in the Notes.

17. None of the Issuers or Guarantors intends to provide any post-issuance information in respect of any issue of Notes.

18. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuers and their affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuers and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer[s]' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[s'] target market assessment) and determining appropriate distribution channels.]

[UK MiFIR PRODUCT GOVERNANCE / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in the Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “EUWA”) (“UK MiFIR”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of [MiFID II][Directive 2014/65/EU (as amended, “MiFID II”)]; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018. Consequently no key information document required Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH REGULATION (EU) 2017/1129 (THE “PROSPECTUS REGULATION”), FOR THE ISSUE OF THE NOTES DESCRIBED BELOW AND THE DUTCH AUTHORITY FOR THE FINANCIAL MARKETS (Stichting Autoriteit Financiële Markten) HAS NEITHER APPROVED NOR REVIEWED INFORMATION CONTAINED HEREIN.

[MiFID II PRODUCT GOVERNANCE / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, “MiFID II”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[s’s] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[s’s] target market assessment) and determining appropriate distribution channels.]

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”).
